CYPRESS SEMICONDUCTOR CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
(Unaudited)

NOTE 1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fiscal Years

Cypress Semiconductor Corporation ("Cypress" or the "Company") reports on a fiscal-year basis. The Company ends its quarters on the Sunday closest to the end of the applicable calendar quarter, except in a 53-week fiscal year, in which case the additional week falls into the fourth quarter of that fiscal year. Fiscal years 2017 and 2016 each contained 52 weeks. The second quarter of fiscal 2017 ended on July 2, 2017 and the second quarter of fiscal 2016 ended on July 3, 2016.

Basis of Presentation

These condensed consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries. All inter-company transactions and balances have been eliminated in consolidation.

In the opinion of management, the accompanying unaudited condensed consolidated financial statements contain all adjustments of a normal, recurring nature, which are necessary to state fairly the financial information included therein. These financial statements should be read in conjunction with the audited consolidated financial statements and related notes thereto included in Cypress's Annual Report on Form 10-K for the fiscal year ended January 1, 2017. The year-end condensed balance sheet data was derived from audited financial statements, but does not include all disclosures required by accounting principles generally accepted in the United States of America ("GAAP").

On March 12, 2015, the Company completed the merger ("Merger") with Spansion Inc. ("Spansion") pursuant to the Agreement and Plan of Merger and Reorganization, dated as of December 1, 2014 (the "Merger Agreement"), for a total consideration of approximately \$2.8 billion.

On July 5, 2016, the Company completed its acquisition of certain assets primarily related to the Internet of Things business of Broadcom Corporation ("IoT business") pursuant to an Asset Purchase Agreement with Broadcom, dated April 28, 2016, for a total consideration of approximately \$550 million. Consequently, the financial condition and results of operations include the financial results of the IoT business beginning July 5, 2016. The comparability of our results for the second quarter of fiscal 2017 to the same period in fiscal 2016 is impacted by this acquisition. Refer to Note 2 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended January 1, 2017.

Effective as of July 29, 2016, the Company changed the method of accounting for its investment in Deca Technologies Inc. ("Deca") from consolidation to the equity method of accounting as a result of the investment by certain third party investors in Deca. The comparability of our results for the second quarter of fiscal 2017 to the same period in fiscal 2016 is impacted by the said change. Refer to Note 6 and Note 21 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended January 1, 2017.

As a result of the Company's reorganization and internal reporting restructuring that became effective in the fourth quarter of fiscal 2016, the Company operates under two reportable business segments: Microcontroller and Connectivity Division ("MCD") and Memory Products Division ("MPD"). Prior to the fourth quarter of fiscal 2016, the Company reported under four reportable business segments: MPD, Programmable Systems Division ("PSD"), Data Communications Division ("DCD") and Emerging Technologies Division ("ETD"). The prior periods herein reflect this change in segment information.

Certain prior period amounts in the consolidated financial statements have been reclassified to conform to the current period presentation.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States ("GAAP") requires management to make estimates, judgments, and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses and the related disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Condensed Consolidated Results of Operations for the three and six months ended July 2, 2017 are not necessarily indicative of the results to be expected for the full fiscal year.

Summary of Significant Accounting Policies

The Company's significant accounting policies are described under Note 1 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended January 1, 2017.

Recent Accounting Pronouncements

The following are the accounting pronouncements issued but not adopted that may materially affect the Company's consolidated financial statements:

In May 2014, the Financial Accounting Standards Board ("FASB") issued an ASU (Accounting Standard Update) on revenue from contracts with customers, ASU No. 2014-09, "Revenue from Contracts with Customers", which outlines a comprehensive revenue recognition model and supersedes most current revenue recognition guidance. The new guidance requires a company to recognize revenue as control of goods or services transfers to a customer at an amount that reflects the expected consideration to be received in exchange for those goods or services. It defines a five step approach for recognizing revenue, which may require a company to use more judgment and make more estimates than under the current guidance. The new guidance will be effective for the Company starting in the first quarter of fiscal 2018. Adoption one year early is permitted. Two methods of adoption are permitted: (a) full retrospective adoption, meaning this standard is applied to all periods presented or (b) modified retrospective adoption, meaning the cumulative effect of applying the new guidance is recognized as an adjustment to the opening retained earnings balance.

The Company presently expects to select the modified retrospective transition method. As the new standard will supersede substantially all existing revenue guidance affecting the Company under GAAP, it could impact revenue and cost recognition on sales across all of the Company's business segments, in addition to its business processes, compensation, information technology systems and other financial reporting and operational elements. By the end of fiscal 2016, the Company transitioned all revenue from distributors from sell-through to the sell-in basis of accounting. Please see discussion related to the transition to sell-in-basis of accounting under Note 1 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended January 1, 2017. Consequently, the Company does not expect the new guidance to materially impact the timing of recognition of future revenue from distributors.

While we are continuing to assess all potential impacts, given that our distributor revenues are now recognized at the time of shipment, the Company currently expects the adoption of this new guidance may impact the timing of recognition of revenue from its intellectual property portfolio, non-recurring engineering arrangements, and sales of products that do not have an alternative use under a non-cancelable arrangement. Upon adoption of the new guidance, licenses to use portions of the Company's intellectual property portfolio may need to be recognized as revenues on a straight-line basis over the term of the license agreement. Also, the Company expects a change in the timing of revenues recognized from sales-based royalties. The Company currently recognizes sales-based royalties as revenues in the period in which such royalties are reported by licensees, which is typically after the conclusion of the quarter in which the licensees' sales occur. Under the new guidance, the Company will be required to estimate and recognize sales-based royalties in the period in which the associated sales occur, resulting in acceleration of revenue recognition compared to the current method. The Company also expects that revenue from certain non-recurring engineering arrangements, which are currently recognized upon the achievement of contractual milestones, may need to be recognized as performance obligations are satisfied over time. Similarly, sales of products that do not have an alternative use under a non-cancelable arrangement, which are currently recognized at a point in time may need to be recognized as performance obligations are satisfied over time. Revenues from these arrangements are presently not material for the Company.

In February 2016, the FASB issued ASU 2016-02, Leases, "(Topic 842)", which replaces most current lease guidance when it becomes effective. This standard update intends to increase the transparency and improve comparability by requiring entities to recognize assets and liabilities on the balance sheet for all leases, with certain exceptions. The new standard states that a lessee will recognize a lease liability for the obligation to make lease payments and a right-of-use asset for the right to use the underlying asset for the lease term. Leases will be classified as either finance or operating, with classification affecting the pattern of expense recognition in the consolidated statements of operations. The new guidance will be effective for the Company starting in the first quarter of fiscal 2019. Early adoption is permitted. The Company is currently evaluating the timing of adoption and the effect that the new guidance will have on its consolidated financial statements and related disclosures.

In October 2016, the FASB issued ASU 2016-16, "Intra-Entity Transfers of Assets Other Than Inventory." For public entities, ASU 2016-16 is effective for fiscal years beginning after December 15, 2017, and interim periods within those fiscal years. Early adoption is permitted. The Company is currently evaluating the impact of adopting this guidance on its consolidated financial statements and related disclosures.

In January 2017, the FASB issued ASU No. 2017-04, "Intangibles—Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment". The standard eliminates the second step in the goodwill impairment test which requires an entity to determine the implied fair value of the reporting unit's goodwill. Instead, an entity should recognize an impairment loss if the carrying value of the net assets assigned to the reporting unit exceeds the fair value of the reporting unit, with the impairment loss not to exceed the amount of goodwill allocated to the reporting unit. The standard is effective for annual and interim

goodwill impairment tests conducted in fiscal years beginning after December 15, 2019, with early adoption permitted. The Company does not anticipate the adoption of this guidance to have a material impact on its consolidated financial statements and related disclosures.

In May 2017 the FASB issued ASU No. 2017-09, "Compensation - Stock Compensation (Topic 718): Scope of Modification Accounting. ASU 2017-09 amends the requirements in GAAP related to accounting in changes to stock compensation awards. The guidance in ASU 2017-09 is effective for annual periods beginning after December 15, 2017, including interim periods within those fiscal years. The Company is evaluating the impact this guidance will have on its consolidated financial statements and related disclosures.

- (a) Included in the intangible assets are in-process research and development (“IPR&D”) projects acquired as part of the Merger and the acquisition of the IoT business that had not attained technological feasibility and commercial production. IPR&D assets are accounted for initially as indefinite-lived intangible assets until completion of the associated research and development efforts. Upon completion, the carrying value of every related intangible asset will be amortized over the remaining estimated life of the asset beginning in the period in which the project is completed.

The below table presents details of the in-process research and development assets as of July 2, 2017:

	(in thousands)
As of January 1, 2017	\$ 175,203
Technological feasibility achieved	(37,764)
As of July 2, 2017	\$ 137,439

During the three and six months ended July 2, 2017, two and three projects representing \$18.3 million and \$37.8 million, respectively, of the total capitalized IPR&D, with estimated useful lives of 4 years and 5 years, respectively, had reached technological feasibility and were transferred to developed technology.

In the first quarter of fiscal 2016, the Company recognized a \$33.9 million impairment charge related to two IPR&D projects that were cancelled due to changes in the Company’s product portfolio strategy. The impairment charges are included in the “Impairment of acquisition-related intangible assets” line in the Condensed Consolidated Statements of Operations.

The Company expects the remaining IPR&D projects as of July 2, 2017 to attain technological feasibility by fiscal 2018.

The estimated future amortization expense related to developed technology and other intangible assets as of July 2, 2017 is as follows:

	(In thousands)
2017 (remaining six months)	\$ 98,150
2018	191,592

Total future amortization expense	\$ 667,989

NOTE 4. ASSETS HELD FOR SALE

In the third quarter of fiscal 2016, the Company committed to a plan to sell its wafer manufacturing facility located in Bloomington, Minnesota, as well as a building in Austin, Texas.

The carrying value of these assets held for sale at the end of fiscal 2016 reflected the lower of the carrying value or fair value, net of estimated costs to sell the assets. The Company performed an analysis and estimated the fair value of the assets, less estimated selling costs, and determined the value was lower than the carrying value of the assets. As a result, based on this analysis the Company recorded an impairment charge of \$37.2 million during fiscal 2016 to write these assets down to their estimated fair value, less selling costs.

The sales of the wafer fabrication facility in Minnesota and the sale of the building in Austin were completed during the first quarter of fiscal 2017. During the first half of fiscal 2017, the Company recorded a gain of \$0.8 million resulting from the change in the estimated costs to sell these assets. This gain was recorded in the selling, general and administrative line item of the Condensed Consolidated Statements of Operations.

NOTE 5. INVESTMENT IN EQUITY METHOD INVESTMENTS

Privately-held equity investments are accounted for under the equity method of accounting if the Company has an ownership interest of 20% or greater or if it has the ability to exercise significant influence over the operations of such companies.

The below table presents the changes in carrying value of the equity method investments.

	As of July 2, 2017		
	(in thousands)		
	Deca Technologies ("Deca")	Enovix Corporation ("Enovix")	Total
Carrying value as of January 1, 2017	\$ 134,327	\$ 54,360	\$ 188,687
Additional investment	—	5,599	5,599
Equity in net loss of equity method investees	(5,408)	(4,503)	(9,911)
Carrying value as of July 2, 2017	<u>\$ 128,919</u>	<u>\$ 55,456</u>	<u>\$ 184,375</u>

During the first quarter of fiscal 2017, the Company made an investment of \$5.6 million in Enovix, which completed the Company's investment commitment in Enovix of \$85.1 million per the original agreement dated February 22, 2012. Certain third-party investors made additional investments in Enovix in the first quarter of fiscal 2017, as a result of which, the Company's ownership in Enovix reduced from 46.6% as at January 1, 2017 to 41.2% as at April 2, 2017. As of July 2, 2017, the Company's ownership in Enovix was 41.2%.

The estimated fair value of the Company's investment in Enovix, based on the enterprise value of Enovix implied from a third-party investment in Enovix, exceeds the carrying value of the said investment as at July 2, 2017. Enovix continues to be in the process of completing certain key product development milestones. Enovix's estimated enterprise value is sensitive to its ability to achieve these milestones. Delays or failure by Enovix to complete these milestones may have an adverse impact on Enovix's estimated enterprise value and result in the recognition of a material impairment charge to the Company's earnings as a result of a write-down of the carrying value of the Company's investment in Enovix.

As of January 1, 2017 and July 2, 2017, the Company's ownership in Deca was 52.2%.

NOTE 6. FAIR VALUE MEASUREMENTS

The Company did not have any assets or liabilities measured at fair value on a recurring basis using Level 3 inputs as of July 2, 2017 and January 1, 2017. There were no transfers between Level 1, Level 2 and Level 3 fair value hierarchies during the three and six months ended July 2, 2017 and July 3, 2016 related to these securities.

Valuation Techniques:

There have been no changes to the valuation techniques used to measure the fair value of the Company's assets and liabilities. For a description of the valuation techniques, refer to Note 7 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended January 1, 2017.

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis

Certain of the Company's assets, including intangible assets, goodwill and cost-method investments, are measured at fair value on a nonrecurring basis if impairment is indicated. Refer to Note 3 regarding impairment of certain intangible assets during the first quarter of fiscal 2016.

Fair Value of Long-term Debt

As of July 2, 2017, the carrying value of the Company's revolving credit facility was \$317.0 million (See Note 9). The carrying value of the Company's revolving credit facility approximates its fair value since it bears an interest rate that is comparable to rates on similar credit facilities and is determined using Level 2 inputs.

The Company's 2.00% Senior Exchangeable Notes assumed as part of the Merger are traded in the secondary market for debt instruments and are categorized as a Level 2 liability. The carrying value and the estimated fair value of the said Notes as of July 2, 2017 were \$137.2 million and \$397.9 million, respectively. See Note 9 for further details.

The Company's 4.50% Senior Convertible Notes are traded in the secondary market for the debt instruments and the fair value is determined using Level 2 inputs. The carrying value and the estimated fair value of the debt portion of the said Notes as of July 2, 2017 were \$241.6 million and \$351.3 million, respectively. See Note 9 for further details.

NOTE 7. RESTRUCTURING

2016 Restructuring Plan

In September 2016, the Company began the implementation of a reduction in workforce ("2016 Plan") which will result in elimination of approximately 430 positions worldwide across various functions. The restructuring charge of \$0.9 million recorded for the three months ended July 2, 2017 consists of personnel costs and facilities related expenses. The restructuring charge of \$3.5 million recorded for the six months ended July 2, 2017 consists of personnel costs of \$1.9 million, other charges related to the write-off of certain licenses and facilities related expenses of \$1.6 million. The Company expects that the cash costs incurred under the 2016 Plan will be paid out through fiscal 2017.

Spansion Integration-Related Restructuring Plan ("Spansion Integration Plan")

In March 2015, the Company implemented cost reduction and restructuring activities in connection with the Merger. The restructuring charge of \$0.9 million recorded for the six months ended July 3, 2016 consists primarily of severance costs and impairment of property, plant and equipment. No restructuring charges were recorded for the three and six months ended July 2, 2017 related to the Spansion Integration Plan.

The following table summarizes the restructuring charges recorded in the Consolidated Statements of Operations:

Approximately 54% of the grants are based on debt leverage, profit before tax ("PBT"), strategic initiatives, gross margin and revenue growth milestones over the next three years. The remaining approximately 46% of the 2017 PARS grants are based on service milestones that vest over three years.

Total debt	<u>\$ 1,198,851</u>	<u>\$ 1,225,131</u>

As of July 2, 2017, the Company was in compliance with all of the financial covenants under all of its debt facilities.

4.50% Senior Exchangeable Notes

On June 23, 2016, the Company, issued at face value, \$287.5 million of Senior Exchangeable Notes due in 2022 (the “Notes”) in a private placement to qualified institutional buyers under Rule 144A of the Securities Act of 1933, as amended. The Notes are governed by an Indenture (“Indenture”), dated June 23, 2016, between the Company and U.S. Bank National Association, as Trustee. The Notes will mature on January 15, 2022, unless earlier repurchased or converted, and bear interest of 4.50% per year payable semi-annually in arrears on January 15 and July 15, commencing on January 15, 2017. The Notes may be due and payable immediately in certain events of default.

The Notes are exchangeable for an initial exchange rate of 74.1372 shares of common stock per \$1,000 principal amount of the Notes (equivalent to an initial exchange price of approximately \$13.49 per share) subject to adjustments for anti-dilutive issuances and make-whole adjustments upon a fundamental change. Refer to Note 14 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended January 1, 2017 for further details.

Upon conversion, the Company may pay or deliver, as the case may be, cash, shares of its common stock or a combination of cash and shares of its common stock, at its election. If the Company satisfies its conversion obligation solely in cash or through payment and delivery, as the case may be, of a combination of cash and shares of its common stock, the amount of cash and shares of common stock, if any, due upon conversion will be based on a pre-defined calculation of the conversion value.

It is the Company's intent that upon conversion, the Company would pay the holders of the Notes cash for an amount up to the aggregate principal amount of the Notes. If the conversion value exceeds the principal amount, the Company intends to deliver shares of its common stock in respect to the remainder of its conversion obligation in excess of the aggregate principal amount (“conversion spread”). Accordingly, for the purposes of calculating diluted earnings per share, there would be no adjustment to the numerator in the net income per common share computation for the cash settled portion of the Notes, as that portion of the debt liability is expected to be settled in cash. The conversion spread will be included in the denominator for the computation of diluted net income per common share using the treasury stock method.

The following table includes total interest expense related to the Notes recognized during the three and six months ended July 2, 2017 and year ended January 1, 2017 (in thousands):

	Three Months Ended July 2, 2017	Six Months Ended July 2, 2017	Year Ended January 1, 2017

Total	<u>\$ 5,793</u>	<u>\$ 11,582</u>	<u>\$ 12,246</u>

The net liability component of the Notes is comprised of the following (in thousands):

Net carrying amount at issuance date	\$ 231,180	\$ 231,180
Amortization of debt issuance costs to date	1,339	700
Accretion of debt discount to date	9,049	4,646
Net carrying amount	<u>\$ 241,568</u>	<u>\$ 236,526</u>

Capped Calls

In connection with the issuance of the Notes, the Company entered into capped call transactions with certain bank counterparties to reduce the risk of potential dilution of the Company's common stock upon the exchange of the Notes. The capped call transactions have an initial strike price of approximately \$13.49 and an initial cap price of approximately \$15.27, in each case, subject to adjustment. The capped calls are intended to reduce the potential dilution and/or offset any cash payments the Company is required to make upon conversion of the Notes if the market price of the Company's common stock is above the strike price of the capped calls. If, however, the market price of the Company's common stock is greater than the cap price of the capped calls, there would be dilution and/or no offset of such potential cash payments, as applicable, to the extent the market price of the Common Stock exceeds the cap price. The capped calls expire in January 2022.

Senior Secured Credit Facility ("Credit Facility")

The Credit Facility is made up of the revolving credit facility, Term Loan A and Term Loan B.

On February 17, 2017, the Company amended its Credit Facility. The amendment reduced the applicable margins on the Term Loan B and Term Loan A from 5.50% and 5.11% respectively, to 3.75% effective February 17, 2017. Additionally, the amended financial covenants include the following conditions: 1) maximum total leverage ratio of 4.25 to 1.00 through December 31, 2017, 2) maximum total leverage ratio of 4.00 to 1.00 through July 1, 2018 and 3.75 to 1.00 thereafter. The Company incurred financing costs of \$5.9 million to lenders of the Term Loans which have been capitalized and recognized as a reduction of the Term Loan A and Term Loan B balances in "Revolving credit facility and long term debt" on the Condensed Consolidated Balance Sheet. These costs will be amortized over the life of the Term Loans and are recorded in "Interest Expense" on the Condensed Consolidated Statements of Operations.

On April 7, 2017, the Company amended its Credit Facility. The amendment reduced the applicable margins on the Company's Term Loan A from 3.75% to 2.75% effective April 7, 2017. The Company incurred financing costs of \$0.4 million to lenders of Term Loan A which has been recognized as a reduction of the Term Loan A balance in "Long-term credit facility and long term debt" on the Condensed Consolidated Balance Sheet. These costs will be amortized over the life of the Term Loans and recorded in "Interest Expense" on the Condensed Consolidated Statements of Operations.

As of July 2, 2017, \$842.9 million aggregate principal amount of loans, including Term Loan A, Term Loan B and letters of credit, were outstanding under the revolving credit facility.

2.00% Senior Exchangeable Notes

Pursuant to the Merger, Cypress assumed Spansion's 2.00% Senior Exchangeable Notes (the "Spansion Notes") on March 12, 2015. They are fully and unconditionally guaranteed on a senior unsecured basis by the Company. The Spansion Notes will mature on September 1, 2020, unless earlier repurchased or converted, and bear interest of 2.00% per year payable semi-annually in arrears on March 1 and September 1. The Spansion Notes may be due and payable immediately in certain events of default.

As of July 2, 2017, the Spansion Notes are exchangeable for 195.2 shares of common stock per \$1,000 principal amount of the Notes (equivalent to an exchange price of approximately \$5.12) subject to adjustments for dividends, anti-dilutive issuances and make-whole adjustments upon a fundamental change. Refer to Note 14 of the Notes to Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended January 1, 2017 for further details.

Upon conversion, the Company may pay or deliver, as the case may be, cash, shares of its common stock or a combination of cash and shares of its common stock, at its election. If the Company satisfies its conversion obligation solely in cash or through payment and delivery, as the case may be, of a combination of cash and shares of our common stock, the amount of cash and shares of common stock, if any, due upon conversion will be based on a pre-defined conversion value.

It is the Company's intent that upon conversion, the Company will pay to the holders of the Spansion Notes cash for an amount up to the aggregate principal amount of the Spansion Notes. If the conversion value exceeds the principal amount, the Company intends to deliver shares of its common stock in respect to the remainder of its conversion obligation in excess of the aggregate principal amount ("conversion spread"). Accordingly, for the purposes of calculation of diluted earnings per share, there would be no adjustment to the numerator in the net income per common share computation for the cash settled portion of the Spansion Notes, as that portion of the debt liability is expected to be settled in cash. The conversion spread, will be included in the denominator for the computation of diluted net income per common share, using the treasury stock method.

The net carrying amount of the liability component of the Spansion Notes consists of the following (in thousands):

	July 2, 2017	January 1, 2017
Principal amount	\$ 149,990	\$ 149,990

Capital Leases and Equipment Loans

In 2011, the Company entered into capital lease agreements which allow it to borrow up to \$35.0 million to finance the acquisition of certain manufacturing equipment. Assets purchased under all capital leases are included in "Property, plant and equipment, net" on the Company's Consolidated Balance Sheet. As at end of second quarter of fiscal 2017, there is no balance outstanding against these capital leases.

In December 2011, the Company obtained equipment loans from a financial institution for an aggregate amount of approximately \$14.1 million which are collateralized by certain manufacturing equipment and bear interest of 3.15% to 3.18% per annum payable in 60 equal installments. As of the end of the second quarter of fiscal 2017, all of the equipment loans have been paid off.

Future Debt Payments

For each of the next five years and beyond, the scheduled maturities of the Company's debts including interest as of July 2, 2017, is as follows:

NOTE 10. COMMITMENTS AND CONTINGENCIES

Operating Lease Commitments

The Company leases certain facilities and equipment under non-cancelable operating lease agreements that expire at various dates through fiscal 2022 and thereafter. Some leases include renewal options, which would permit extensions of the expiration dates at rates approximating fair market rental values at the time of the extension.

As of July 2, 2017, future minimum lease payments under non-cancelable operating leases were as follows:

Fiscal Year	(In thousands)
2017 (remaining six months)	\$ 9,745
2018	14,379
2019	10,151
2020	8,228
2021	6,402
2022 and thereafter	22,290
Total	<u>\$ 71,195</u>

Restructuring accrual balances related to operating facility leases were \$12.7 million and \$14.2 million as of July 2, 2017 and January 1, 2017, respectively.

Product Warranties

The Company generally warrants its products against defects in materials and workmanship for a period of one year and that product warranty is generally limited to a refund of the original purchase price of the product or a replacement part. The Company estimates its warranty costs based upon its historical warranty claim experience. Warranty returns are recorded as an allowance for sales returns. The allowance for sales returns is reviewed quarterly to verify that it properly reflects the remaining obligations based on the anticipated returns over the balance of the obligation period.

The following table presents the Company's warranty reserve activities:

	Three Months Ended		Six Months Ended

Litigation and Asserted Claims

In a matter associated with Ramtron International Corporation (“Ramtron”), a wholly owned subsidiary of Cypress, bankruptcy proceedings are ongoing in Italy where the trustee for four bankrupt entities of Finmek S.p.A. is seeking refunds of approximately \$2.8 million in payments made by Finmek to Ramtron prior to Finmek’s bankruptcy in 2004. In November 2014, one of the courts presiding over these proceedings found that approximately \$0.5 million (including interest and fees) should be refunded to Finmek. The Company filed an appeal (Court of Appeal of Venice, Docket no. 2706/2015), and on July 13, 2017, the Court of Appeal reversed the decision, ruling in Ramtron’s favor. The Company has prevailed in all other related proceedings (Court of Appeal of Venice, Docket Nos. 1387/2014 and 2487/2015; Tribunal of Padua Docket No. 5378/2009), and time has expired for the trustee to appeal the 1387/2014 matter. Due to the current stage of the proceedings and the appellate process, the Company cannot reasonably estimate the loss or the range of possible losses, if any.

In 2013, a former employee filed a grievance against the Company with the U.S. Department of Labor (“DOL”) seeking back pay and reinstatement or forward pay. That matter was tried before an administrative law judge in July 2014. In December 2014, the administrative law judge issued a ruling in favor of the former employee for amounts totaling approximately \$1.3 million. On March 30, 2016, the ruling was affirmed by the DOL Administrative Review Board. The Company believes both rulings were erroneous and filed an appeal in the United States Court of Appeals for the Tenth Circuit on April 29, 2016 (Case No. 16-9523). Oral argument was heard by a three-judge panel in January 2017, and a ruling is expected by the third quarter of 2017. The respective positions of the parties and the appellate process prevent a reasonable determination of the outcome at this time. This former employee also filed a complaint for wrongful termination in state court in El Paso County, Colorado on March 4, 2015 (Case No. 2015-cv-30632). The state court litigation is stayed pending resolution of the DOL matter. The Company believes the state court action is meritless and will defend against the allegations. Due to the current stage of the proceedings and the appellate process, the Company cannot reasonably estimate the loss or the range of possible loss, if any.

Since August 2014, the Company had been involved in various trademark opposition proceedings with Kingston Technology Corporation (“Kingston”) concerning Kingston’s “HYPERX” trademark and the Company’s “HYPERRAM” trademark, including Trademark Trial and Appeal Board Proceeding Nos. 91218100, 91222728, and 92061796. On April 6, 2017, the parties settled and agreed to dismiss all proceedings.

On August 15, 2016, a patent infringement lawsuit was filed by the California Institute of Technology (“Caltech”) against the Company in the U.S. District Court for the Central District of California (Case No. 16-cv-03714). The other co-defendants are Apple Inc., Avago Technologies Limited, Broadcom Corporation, and Broadcom Limited. Caltech alleges that defendants infringe four patents. On July 12, 2017, the Court issued a claim construction order. The matter is still in the early stages and the Company will defend against the allegations accordingly. Due to the current stage of the proceedings, the Company cannot reasonably estimate the loss or the range of possible losses, if any.

In September 2016, the Company was named in a lawsuit filed by Standard Communications Pty Ltd. in Sydney, Australia, for approximately \$1.1 million in costs associated with a product recall (Supreme Court of New South Wales, Case No. 2016/263578). On May 16, 2017, the claims against the Company were dismissed.

On January 30, 2017, T.J. Rodgers, the former Chief Executive Officer and director of the Company, filed a complaint in the Delaware Court of Chancery captioned *Rodgers v. Cypress Semiconductor Corp.*, C.A. No. 2017-0070-AGB (Del. Ch.), seeking to inspect certain Company books and records pursuant to Section 220 of the Delaware General Corporation Law. The complaint does not seek an award of money damages. On February 20, 2017, the Company filed its answer and response to Mr. Rodgers’ complaint. On April 17, 2017, the Court ruled that Mr. Rodgers was entitled to certain books and records.

On April 24, 2017, Mr. Rodgers filed a second lawsuit in the Delaware Court of Chancery (C.A. No. 2017-0314-AGB), naming the Company's directors as defendants and alleging breach of the fiduciary duty of candor. The complaint sought an order that the Company issue additional disclosures in connection with its proxy materials at least ten days in advance of the Company's 2017 annual shareholders meeting, and if corrective materials are not issued, an order enjoining the shareholder meeting until corrective disclosures are made. On June 1, 2017, the Court of Chancery granted Mr. Rodgers' motion for a preliminary injunction and ordered that the Company make several additional disclosures in its proxy materials and delay the annual shareholders meeting by at least ten days. The parties entered into a settlement agreement, with an effective date of June 30, 2017, to resolve and dismiss with prejudice all ongoing litigation and claims relating to the subject matter of the Section 220 and breach of fiduciary duty actions. The settlement includes a standstill through the earlier of May 31, 2019 or the June 2019 shareholders' meeting, subject to certain conditions, and provides for reimbursement of up to \$3.5 million in documented fees, costs, and expenses incurred by Mr. Rodgers in connection with the lawsuits and the 2017 proxy contest. This charge was recorded in the Costs and settlement charges related to the shareholder matter line item of the Condensed Consolidated Statements of Operations. The said reimbursement of \$3.5 million was paid to Mr. Rodgers on July 24, 2017. On July 26, 2017, the litigations were dismissed with prejudice.

The Company is currently a party to various other legal proceedings, claims, disputes and litigation arising in the ordinary course of business. Based on its own investigations, the Company believes the ultimate outcome of the current legal proceedings, individually and in the aggregate, will not have a material adverse effect on its financial position, results of operation or cash flows. However, because of the nature and inherent uncertainties of the litigation, should the outcome of these actions be unfavorable, the Company's business, financial condition, results of operations or cash flows could be materially and adversely affected.

Indemnification Obligations

The Company is a party to a variety of agreements pursuant to which it may be obligated to indemnify other parties to such agreements with respect to certain matters. Typically, these obligations arise in the context of contracts that the Company has entered into, under which the Company customarily agrees to hold the other party harmless against losses arising from a breach of representations and covenants or terms and conditions related to such matters as the sale and/or delivery of its products, title to assets sold, certain intellectual property claims, defective products, specified environmental matters and certain income taxes. In these circumstances, payment by the Company is customarily conditioned on the other party making a claim pursuant to the procedures specified in the particular contract, which procedures typically allow the Company to challenge the other party's claims and vigorously defend itself and the third party against such claims. Further, the Company's obligations under these agreements may be limited in terms of time, amount or the scope of its responsibility and in some instances, the Company may have recourse against third parties for certain payments made under these agreements.

It is not possible to predict the maximum potential amount of future payments under these agreements due to the conditional nature of the Company's obligations and the unique facts and circumstances involved in each particular agreement. Historically, payments the Company has made under these agreements have not had a material effect on the Company's business, financial condition or results of operations. Management believes that if the Company were to incur a loss in any of these matters, such loss would not have a material effect on its business, financial condition, cash flows or results of operations, although there can be no assurance of this. As of July 2, 2017, the Company had no reason to believe a loss exceeding amounts already recognized had been incurred.

NOTE 11. FOREIGN CURRENCY DERIVATIVES

The Company enters into multiple foreign exchange forward contracts to hedge certain operational exposures resulting from fluctuations in Japanese yen and Euro exchange rates. The Company does not enter into derivative securities for speculative purposes. The Company's hedging policy is designed to mitigate the impact of foreign currency exchange rate fluctuations on its operating results. Some foreign currency forward contracts were considered to be economic hedges that were not designated as hedging instruments while others were designated as cash flow hedges. Whether designated or undesignated as cash flow hedges or not, these forward contracts protect the Company against the variability of forecasted foreign currency cash flows resulting from revenues, expenses and net asset or liability positions designated in currencies other than the U.S. dollar. The maximum original duration of any contract allowable under the Company's hedging policy is 13 months.

Cash Flow Hedges

The Company enters into cash flow hedges to protect non-functional currency inventory purchases and certain other operational expenses, in addition to its on-going program of cash flow hedges to protect its non-functional currency revenues against variability in cash flows due to foreign currency fluctuations. The Company's foreign currency forward contracts that

were designated as cash flow hedges have maturities between three and nine months. All hedging relationships are formally documented, and the hedges are designed to offset changes to future cash flows on hedged transactions at the inception of the hedge. The Company recognizes derivative instruments from hedging activities as either assets or liabilities on the balance sheet and measures them at fair value on a monthly basis. The Company records changes in the intrinsic value of its cash flow hedges in accumulated other comprehensive income on the Condensed Consolidated Balance Sheets, until the forecasted transaction occurs. Interest charges or “forward points” on the forward contracts are excluded from the assessment of hedge effectiveness and are recorded in interest and other income, net in the Condensed Consolidated Statements of Operations. When the forecasted transaction occurs, the Company reclassifies the related gain or loss on the cash flow hedge to revenue or costs, depending on the risk hedged. In the event the underlying forecasted transaction does not occur, or it becomes probable that it will not occur, the Company will reclassify the gain or loss on the related cash flow hedge from accumulated other comprehensive income to interest and other income, net in its Condensed Consolidated Statements of Operations at that time.

The Company evaluates hedge effectiveness at the inception of the hedge prospectively as well as retrospectively and records any ineffective portion of the hedge in interest and other income, net in its Condensed Consolidated Statements of Operations.

At July 2, 2017, the Company had outstanding forward contracts to buy approximately ¥5,659 million for \$52.3 million.

Non-designated hedges

Total notional amounts of net outstanding contracts were as summarized below:

Buy / Sell	July 2, 2017	January 1, 2017
	(in millions)	
US dollar / EUR	\$10.2/€9.1	\$25.0 / €23.6
Japanese Yen / US dollar	¥5,080 / \$47.6	¥10,129/\$87.9

The effect of derivative instruments on the Condensed Consolidated Statements of Operations for the three and six months ended July 2, 2017 was immaterial.

The gross fair values of derivative instruments on the Condensed Consolidated Balance Sheets as of July 2, 2017 and January 1, 2017 were as follows:

NOTE 12. NET LOSS PER SHARE

The following table sets forth the computation of basic and diluted net loss per share:

	Three Months Ended		Six Months Ended	
	July 2, 2017	July 3, 2016	July 2, 2017	July 3, 2016
	(In thousands, except per-share amounts)

Weighted-average common shares	329,860	314,305	328,320	317,330
Weighted-average diluted shares	329,860	314,305	328,320	317,330
Net loss per share—basic	\$ (0.07)	\$ (1.65)	\$ (0.21)	\$ (1.96)
Net loss per share—diluted	\$ (0.07)	\$ (1.65)	\$ (0.21)	\$ (1.96)

For the three months ended July 2, 2017 and July 3, 2016, approximately 1.1 million and 7.7 million, weighted average potentially dilutive securities consisting of outstanding share based awards and convertible debt, respectively, were excluded in the computation of diluted net loss per share because their effect would have been anti-dilutive. For the six months ended July 2, 2017 and July 3, 2016, approximately 0.9 million and 8.9 million, weighted average potentially dilutive securities consisting of outstanding share based awards and convertible debt, respectively, were excluded in the computation of diluted net loss per share because their effect would have been anti-dilutive.

NOTE 13. INCOME TAXES

The Company's income tax expense was \$4.5 million and income tax benefit was \$5.2 million for the three months ended July 2, 2017 and July 3, 2016, respectively. The Company's income tax expense was \$9.4 million and the Company's income tax benefit was \$1.5 million for the six months ended July 2, 2017 and July 3, 2016, respectively. The income tax expense for the three and six months ended July 2, 2017 was primarily due to non-U.S. income taxes on income earned in foreign jurisdictions. The tax benefit for the three and six months ended July 3, 2016 was primarily attributable to a release of previously accrued taxes related to the lapsing of statutes of limitation, primarily offset by income taxes associated with the Company's non-US operations.

Unrecognized Tax Benefits

As of July 2, 2017 and January 1, 2017, the amount of unrecognized tax benefits that, if recognized, would affect the Company's effective tax rate totaled \$25.8 million and \$24.3 million, respectively.

Management believes events that could occur in the next 12 months which could cause a change in unrecognized tax benefits include, but are not limited to the following:

- completion of examinations by the U.S. or foreign taxing authorities; and
- expiration of statute of limitations on the Company's tax returns.

The calculation of unrecognized tax benefits involves dealing with uncertainties in the application of complex global tax regulations. Management regularly assesses the Company's tax positions in light of legislative, bilateral tax treaty, regulatory and judicial developments in the countries in which the Company does business. The Company believes it is reasonably possible that it may recognize up to approximately \$0.2 million of its existing unrecognized tax benefits within the next twelve months as a result of the lapse of statutes of limitations and the resolution of agreements with domestic and various foreign tax authorities.

Classification of Interest and Penalties

The Company classifies interest and penalties as components of the income tax provision in the Condensed Consolidated Statements of Operations. As of July 2, 2017 and January 1, 2017, the amounts of accrued interest and penalties totaled \$9.4 million and \$8.5 million, respectively.

NOTE 14. SEGMENT, GEOGRAPHICAL AND CUSTOMER INFORMATION

Segment Information

The Company designs, develops, manufactures and markets a broad range of solutions for embedded systems, from automotive, industrial and networking platforms to interactive consumer devices.

Operating segments are identified as components of an enterprise for which separate discrete financial information is available for evaluation by the chief operating decision-maker, or decision-making group, in making decisions on how to allocate

In addition, the Company does not allocate assets to its segments. The Company excludes these items consistent with the manner in which it internally evaluates its results of operations.

Acquisitions and Divestitures

Acquisition of Broadcom Corporation's Internet of Things business (the "IoT business")

On July 5, 2016, we completed the acquisition of certain assets primarily related to the IoT business of Broadcom Corporation ("Broadcom") pursuant to an Asset Purchase Agreement with Broadcom, dated April 28, 2016, for a total consideration of \$550 million. The following MD&A includes the financial results of the IoT business beginning July 5, 2016.

Investment in Deca Technologies Inc.

On July 29, 2016, Deca Technologies Inc. ("Deca"), our majority-owned subsidiary, entered into a share purchase agreement (the "Purchase Agreement"), whereby certain third-party investors purchased 41.1% of the shares outstanding at the said date for an aggregate consideration of approximately \$111.4 million. Concurrently, Deca repurchased certain of its preferred shares from us.

The comparability of our results for the three and six months ended July 2, 2017 to the same prior year periods is significantly impacted by these transactions.

In our discussion and analysis of comparative periods, we have quantified the contribution of additional revenue or expense resulting from these transactions wherever such amounts were material and identifiable. While identified amounts may provide indications of general trends, the analysis cannot completely address the effects attributable to integration efforts.

Results of Operations

Revenues

Our total revenues increased by \$143.6 million, or 31.9%, to \$593.8 million for the three-month period ended July 2, 2017 compared to the same period in the prior year. The increase was primarily driven by the acquisition of the IoT business from Broadcom. Additionally, revenues recorded by automotive segment and USB-C and micro-controller products contributed to the said increase.

Our total revenues increased by \$256.6 million, or 29.5%, to \$1,125.7 million for the six-month period ended July 2, 2017 compared to the same period in the prior year. The increase was primarily driven by the acquisition of the IoT business from Broadcom. Additionally, revenues recorded by automotive segment and USB-C and micro-controller products contributed to the said increase.

Consistent with our accounting policies and generally accepted accounting principles, prior to fiscal 2014 we recognized a significant portion of revenue through distributors at the time the distributor resold the product to its end customer (also referred to as the sell-through basis of revenue recognition) given the difficulty in estimating the ultimate price of these product shipments and amount of potential returns. In the fourth quarter of 2014, the Company began recognizing revenue on certain product families and with certain distributors (less its estimate of future price adjustments and returns) upon shipment to the distributors (also referred to as the sell-in basis of revenue recognition).

During the three months ended July 3, 2016, we recognized an incremental \$24.2 million of revenue on new product families or distributors for which we recognized revenue on a sell-in basis. This change resulted in a reduction to net loss of approximately \$6.8 million for the three months ended July 3, 2016, or \$0.02 per basic and diluted share. During the six months ended July 3, 2016, we recognized approximately \$40.6 million of incremental revenue from this change in revenue recognition, which resulted in a decrease to our net loss of approximately \$14.2 million for the six months ended July 3, 2016, or approximately \$0.05 per basic and diluted shares.

The following table summarizes our consolidated revenues by segments:

	Three Months Ended		Six Months Ended	
	July 2, 2017	July 3, 2016	July 2, 2017	July 3, 2016
	(In thousands)			
Microcontroller and Connectivity Division	\$ 360,533	\$ 208,453	\$ 678,434	\$ 415,275
Memory Products Division	\$ 233,243	\$ 241,674	\$ 447,216	\$ 453,816
Total revenues	\$ 593,776	\$ 450,127	\$ 1,125,650	\$ 869,091

Microcontroller and Connectivity Division:

Revenues recorded by MCD increased by \$152.1 million, or 73.0%, in the three months ended July 2, 2017 compared to the same prior year period. The increase was primarily driven by the acquisition of the IoT business from Broadcom. Additionally, MCD revenues increased in the three months ended July 2, 2017 as compared to the same prior year period, due to increased revenue from the automotive segment and from our USB-C products. The overall average selling price of our products for MCD for the three months ended July 2, 2017 was \$1.06 which increased by \$0.04, compared with the same prior year period. The increase is attributed to the higher average selling prices (ASPs) of the wireless products.

Revenues recorded by MCD increased by \$263.2 million, or 63.4%, in the six months ended July 2, 2017 compared to the same prior year period. The increase was primarily driven by the acquisition of the IoT business from Broadcom. Additionally, MCD revenues increased in the six months ended July 2, 2017 as compared to the same prior year period, due to increased revenue from the automotive segment. The overall ASP of our products for MCD for the six months ended July 2, 2017 was \$1.09, which increased by \$0.05 compared with the same prior year period. The increase is primarily attributed to the higher ASPs of the wireless products.

Memory Products Division:

Revenues recorded by MPD decreased by \$8.4 million, or 3.5%, in the three months ended July 2, 2017 compared to the same prior year period. The decrease was primarily due to \$9.6 million of revenue decline from the Flash memory business. The overall ASP of our products for MPD for the three months ended July 2, 2017 was \$1.29, which increased by \$0.02, compared with the same prior year period.

Revenues recorded by MPD decreased by \$6.6 million, or 1.5%, in the six months ended July 2, 2017 compared to the same prior year period. The decrease was primarily due to \$5.4 million of revenue decline from the Flash memory business. The overall ASP of our products for MPD for the six months ended July 2, 2017 was \$1.27, which is unchanged from the same prior year period.

Cost of Revenues

	Three Months Ended		Six Months Ended	
	July 2, 2017	July 3, 2016	July 2, 2017	July 3, 2016
	(In thousands)			
Cost of revenues	\$ 357,594	\$ 291,349	\$ 690,408	\$ 584,528
As a percentage of revenue	60.2%	64.7%	61.3%	67.3%

Our cost of revenue ratio improved to 60.2% in the three months ended July 2, 2017 from 64.7% in the three months ended July 3, 2016. One of the primary drivers of the improvement in the cost of revenue ratio was higher fab utilization which increased from 53% in the three months ended July 3, 2016 to 75% in the three months ended July 2, 2017. Additionally, our cost of revenue ratio improved due to the IoT acquisition, which has a lower cost of revenues ratio than the company average. This was partially offset by higher write downs of carrying value of inventory during the three months ended July 2, 2017 as compared to the same prior year period. Write-down of inventories during the three months ended July 2, 2017 was \$9.0 million as compared to \$7.6 million in the three months ended July 3, 2016, which unfavorably impacted our cost of revenue ratio by 1.5% for the three months ended July 2, 2017 and unfavorably impacted our cost of revenue ratio by 1.7% for the three months ended July 3, 2016. Sale of inventory that was previously written off or written down aggregated to \$11.3 million and \$14.1 million for the second quarters of fiscal years 2017 and 2016, which favorably impacted our cost of revenue ratio by 1.9% and 3.1%, respectively.

Our cost of revenue ratio improved to 61.3% in the six months ended July 2, 2017 from 67.3% in the six months ended July 3, 2016. One of the primary drivers of the improvement in the cost of revenue ratio was lower Spansion acquisition-related

expenses, which declined \$16.5 million in the six months ended July 2, 2017 compared to the same prior-year period. Another major contributor in the improvement in the cost of revenue ratio was higher fab utilization which increased from 53% in the six months ended July 3, 2016 to 69% in the six months ended July 2, 2017. Additionally, our cost of revenue ratio improved due to the IoT acquisition, which has a lower cost of revenues ratio than the company average. This was partially offset by higher write downs of carrying value of inventory during the six months ended July 2, 2017 as compared to the same prior year period. Write-down of inventories during the six months ended July 2, 2017 was \$19.1 million as compared to \$15.6 million in the six months ended July 3, 2016. Sale of inventory that was previously written off or written down aggregated to \$18.9 million and \$21.2 million for the six months ended July 2, 2017 and July 3, 2016, respectively, which favorably impacted our cost of revenue ratio by 1.7% and 2.4%, respectively.

Research and Development ("R&D") Expenses

	Three Months Ended		Six Months Ended	
	July 2, 2017	July 3, 2016	July 2, 2017	July 3, 2016
	(In thousands)			
R&D expenses	\$ 89,736	\$ 70,171	\$ 178,217	\$ 144,138
As a percentage of revenues	15.1%	15.6%	15.8%	16.6%

R&D expenses increased by \$19.6 million in the three months ended July 2, 2017 compared to the same prior-year period. The increase was mainly attributable to \$12.9 million of expenses due to the IoT business acquisition, comprised of labor costs due to increased headcount. Additionally, there was an increase of \$5.9 million in stock-based compensation expense.

R&D expenses increased by \$34.1 million in the six months ended July 2, 2017 compared to the same prior-year period. The increase was attributable to a \$36.9 million increase in expenses due to the IoT business acquisition, primarily comprised of \$26.0 million in labor costs due to increased headcount and a \$10.9 million increase in expensed assets and other allocated operating expenses. Additionally, there was an increase of \$10.8 million in stock-based compensation expense. These increases were offset by a \$7.2 million decrease in miscellaneous R&D expenses and a \$4.9 million decrease in repair and maintenance expenses and other allocated operating expenses.

Selling, General and Administrative ("SG&A") Expenses

	Three Months Ended		Six Months Ended	
	July 2, 2017	July 3, 2016	July 2, 2017	July 3, 2016
	(In thousands)

As a percentage of revenues	13.7%	18.2%	13.8%	18.0%

SG&A expenses decreased by \$0.6 million in the three months ended July 2, 2017 compared to the same prior-year period. The decrease was primarily due to \$7.8 million lower acquisition related expenses. The decrease was offset by \$6.7 million increase in labor expenses mainly due to increased headcount from the IoT business.

SG&A expenses decreased by \$1.2 million in the six months ended July 2, 2017 compared to the same prior-year period. The decrease was primarily due to \$7.8 million lower acquisition related costs, as well as \$4.5 million of CEO severance costs incurred in the six months ended July 3, 2016. No CEO severance costs were incurred in the six months ended July 2, 2017. These decreases were offset by \$11.2 million increase in labor expenses as a result of increased headcount from the IoT business and an increase in marketing costs.

Costs and settlement charges related to shareholder matter

During the three and six months ended July 2, 2017, the Company incurred \$12.0 million and \$14.3 million of litigation and proxy related expenses, respectively, which includes \$3.5 million in reimbursement charges incurred in connection with the cooperation and settlement agreement entered into with Mr. Rodgers.

Amortization of Acquisition-Related Intangible Assets

Amortization expense increased by \$16.7 million in the three months ended July 2, 2017 compared to the same period in the prior year. The increase was mainly due to the amortization of the intangibles acquired in connection with the IoT business acquisition, as well as the amortization related to certain capitalized in-process research and development projects.

Amortization expense increased by \$29.8 million in the six months ended July 2, 2017 compared to the same period in the prior year. The increase was mainly due to the amortization of the intangibles acquired in connection with the IoT business acquisition, as well as the amortization related to certain capitalized in-process research and development projects.

Impairment of Acquisition-Related Intangible Assets

During the first quarter of fiscal 2016, we recognized \$33.9 million of impairment charges related to two IPR&D projects that were canceled due to certain changes in our long-term product portfolio strategy during fiscal 2016.

There were no impairment charges of acquisition-related intangibles during the first half of fiscal 2017.

Restructuring

2016 Restructuring Plan

In September 2016, we began the implementation of a reduction in workforce ("2016 Plan") which will result in elimination of approximately 430 positions worldwide across various functions. The restructuring charge of \$0.9 million recorded for the three months ended July 2, 2017 consists of personnel costs and facilities related expenses. The restructuring charge of \$3.5 million recorded for the six months ended July 2, 2017 consists of personnel costs of \$1.9 million and other charges related to the write-off of certain licenses and facilities related expenses of \$1.6 million. We expect that the cash costs incurred under the 2016 Plan will be paid out through fiscal 2017.

Spansion Integration-Related Restructuring Plan

In March 2015, we implemented cost reduction and restructuring activities in connection with the Merger. The restructuring charge of \$0.9 million recorded for the six months ended July 3, 2016 consists primarily of severance costs and impairment of property, plant and equipment. No restructuring charges related to the Spansion Integration Plan were recorded for the six months ended July 2, 2017.

We anticipate that the remaining 2016 Plan restructuring accrual balance of \$2.8 million will be paid out in cash through the end of fiscal 2017 for employee terminations and facilities related expenses, and the remaining Spansion Integration Plan accrual balance of \$12.7 million will be paid over the lease term through 2026 for the excess lease obligation related to the buildings Spansion had leased prior to the Merger, which the Company decided not to occupy in the post-Merger period.

Income Taxes

Our income tax expense was \$4.5 million and income tax benefit was \$5.2 million for the three months ended July 2, 2017 and July 3, 2016, respectively. Our income tax expense was \$9.4 million and income tax benefit was \$1.5 million for the six months ended July 2, 2017 and July 3, 2016, respectively. The income tax expense for the three and six months ended July 2, 2017 was primarily attributable to non-U.S. taxes on income earned in foreign jurisdictions. The income tax benefit for the three and six months ended July 3, 2016 was primarily attributable to a release of previously accrued taxes related to the lapsing of statutes of limitation, offset by income taxes associated with our non-U.S. operations.

Operating Activities

Net cash provided by operating activities during the six months ended July 2, 2017 was \$58.2 million as compared to \$22.5 million in the six months ended July 3, 2016. Net loss recorded during the first half of fiscal 2017 was \$68.6 million which was offset by net non-cash items of \$206.8 million and an \$80.1 million decrease in cash due to changes in operating assets and liabilities. The non-cash items during the first half of fiscal 2017 primarily consisted of:

- depreciation and amortization of \$131.3 million,
- stock-based compensation expense of \$56.3 million,
- restructuring costs of \$3.5 million,
- accretion of interest expense on Senior Exchangeable Notes and amortization of debt and financing costs on other debt of \$10.1 million, and
- share in net loss of equity method investees of \$9.9 million.

Decrease in net cash due to changes in operating assets and liabilities for the six months ended July 2, 2017 of \$80.1 million was primarily due to the following:

- a decrease in accounts payable and accrued and other liabilities of \$56.1 million mainly due to timing of payments and payments related to restructuring activities,
- an increase in inventories of \$24.3 million to support expected demand of IoT and MCD products during remainder of fiscal 2017,
- an increase of \$8.8 million in price adjustments and other revenue reserves for sales to distributors due to the change in revenue recognition for certain product families on a sell-in basis, which required us to record a reserve for distributor price adjustments based on our estimate of historical experience rates, and
- an increase in accounts receivable of \$3.5 million mainly due to increase in revenue. Days sales outstanding for the first half of fiscal 2017 was 51 days as compared to 61 days in the first half of fiscal 2016.

Investing Activities

During the six months ended July 2, 2017, we generated approximately \$6.7 million of cash in our investing activities primarily due to;

- \$31.6 million of cash received on sale of the wafer manufacturing facility located in Bloomington, Minnesota and a building in Austin, Texas,
- receipt of \$6.5 million of previously escrowed consideration from the divestiture of our TrueTouch® mobile touchscreen business,
- the above increases were offset by \$29.4 million of cash used for property and equipment expenditures relating to purchases of certain tooling, laboratory and manufacturing facility equipment and \$5.6 million related to our investment in Enovix.

Financing Activities

During the six months ended July 2, 2017, we used approximately \$76.2 million of cash in our financing activities primarily related to \$71.8 million dividend payment, net repayments of \$15.0 million on the revolving credit facility, and \$15.0 million of scheduled repayment of Term Loan A and Term Loan B. Such borrowings were offset by \$31.8 million of proceeds from employee equity awards.

Liquidity and Contractual Obligations

- (1) Purchase obligations primarily include non-cancelable purchase orders for materials, services, manufacturing equipment, building improvements and supplies in the ordinary course of business. Purchase obligations are defined as enforceable agreements that are legally binding on us and that specify all significant terms, including quantity, price and timing.
- (2) Operating leases include payments relating to Spansion's lease for office space in San Jose for a new headquarters entered into May 22, 2014, which is no longer in use. The lease is for a period of 12 years, with two options to extend for periods of five years each after the initial lease term. The term of the lease commenced on January 1, 2015 and expires on December 31, 2026.

As of July 2, 2017, our unrecognized tax benefits were \$25.8 million, which were classified as long-term liabilities. We believe it is possible that we may recognize up to approximately \$0.2 million of our existing unrecognized tax benefits within the next twelve months as a result of the lapse of statutes of limitations and the resolution of agreements with domestic and various foreign tax authorities.

Capital Resources and Financial Condition

Our long-term strategy is to maintain a minimum amount of cash and cash equivalents for operational purposes and to invest the remaining amount of our cash in interest-bearing and highly liquid cash equivalents and debt securities, payments of regularly scheduled cash dividends, and the repayment of debt. As of July 2, 2017, our cash, cash equivalents and short-term investment balance was \$108.8 million as compared to \$121.1 million as of January 1, 2017. As of July 2, 2017 approximately 22.7% of our cash was owned by our non-U.S. subsidiaries. While these amounts are primarily denominated in U.S. dollars, a portion is denominated in foreign currencies. All non-U.S. cash balances are exposed to local political, banking, currency control and other risks. In addition, these amounts, if repatriated, may be subject to tax and other transfer restrictions. However, the Company has significant U.S. net operating losses to negate any U.S. tax impact of cash repatriation.

We believe that the liquidity provided by existing cash, cash equivalents and available-for-sale investments and our borrowing arrangements will provide sufficient capital to meet our requirements for at least the next twelve months. However, should economic conditions and/or financial, business and other factors beyond our control adversely affect the estimates of our future cash requirements, we could be required to fund our cash requirements by alternative financing. There can be no assurance that additional financing, if needed, would be available on terms acceptable to us or at all. In addition, we may choose at any time to raise additional capital or debt to strengthen our financial position, facilitate growth, enter into strategic initiatives (including the acquisition of other companies) and provide us with additional flexibility to take advantage of other business opportunities that arise. As of July 2, 2017, we were in compliance with all of the financial covenants under all of our debt facilities.

Critical Policies and Estimates

The discussion and analysis of our financial condition and results of operations are based upon our Condensed Consolidated Financial Statements included in this Quarterly Report on Form 10-Q and the data used to prepare them. Our Condensed Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States and we are required to make estimates, judgments and assumptions in the course of such preparation. Note 1 of the Notes to Condensed Consolidated Financial Statements under Part I Item 1 describes the significant accounting policies and methods used in the preparation of the consolidated financial statements. On an ongoing basis, we re-evaluate our judgments and estimates including those related to revenue recognition, allowances for doubtful accounts receivable, inventory valuation, valuation of long-lived assets, goodwill and financial instruments, stock-based compensation, settlement costs, and income taxes. We base our estimates and judgments on historical experience, knowledge of current conditions and our beliefs of what could occur in the future considering available information. Actual results may differ from these estimates under different assumptions or conditions.

As discussed in Part II, Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-K for the year ended January 1, 2017, we consider the following accounting policies to be the most critical in understanding the judgments that are involved in preparing our consolidated financial statements:

- Revenue Recognition
- Business Combinations
- Valuation of Inventories
- Valuation of Long-Lived Assets
- Valuation of Goodwill
- Cash Flow Hedges
- Stock-Based Compensation
- Employee Benefits Plan
- Accounting for Income Taxes

There have been no changes to our critical accounting policies and estimates since the filing of our Annual Report on Form 10-K for the year ended January 1, 2017.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Interest Rate Risks

Our investment portfolio consists of a variety of financial instruments that expose us to interest rate risk, including, but not limited to, money market funds, certificates of deposit and corporate securities. These investments are generally classified as available-for-sale and, consequently, are recorded on our balance sheets at fair market value with their related unrealized gain or loss reflected as a component of accumulated other comprehensive income in stockholders' equity. Due to the relatively short-term nature of our investment portfolio, we do not believe that an immediate increase in interest rates would have a material effect on the fair market value of our portfolio.

Our debt obligations consist of a variety of financial instruments that expose us to interest rate risk, including, but not limited to our revolving credit facility, Term Loans and Convertible Notes. Interest on the Convertible Notes is fixed and interest on our Term Loans is at variable rates. The interest rate on the Term Loans is tied to short-term interest rate benchmarks including the Prime Rate and LIBOR. For example, a one hundred basis point change in the contractual interest rates would change our interest expense for the Term Loans by approximately \$5.0 million annually.

We would not expect our long term operating results or cash flows to be materially affected to any significant degree by a sudden change in market interest rates since this debt may be refinanced with alternative sources of liquidity, such as convertible debt.

Foreign Currency Exchange Risk

We operate and sell products in various global markets and purchase capital equipment using foreign currencies but predominantly the U.S. dollar. We are exposed to certain risks associated with changes in foreign currency exchange rates in Japanese yen and other foreign currencies and are exposed to foreign currency exchange rate fluctuations.

For example,

- sales of our products to Fujitsu are denominated in U.S. dollars, Japanese yen and Euros;

- some of our manufacturing costs and operating expenses are denominated in Japanese yen, and other foreign currencies such as the Thai baht and Malaysian ringgit; and
- some fixed asset purchases and sales are denominated in other foreign currencies.

Consequently, movements in exchange rates could cause our revenues and our expenses to fluctuate, affecting our profitability and cash flows. We use foreign currency forward contracts to reduce our foreign exchange exposure on our foreign currency denominated assets and liabilities. We also hedge a percentage of our forecasted revenue denominated in Japanese yen with foreign currency forward contracts. The objective of these contracts is to mitigate impact of foreign currency exchange rate movements to our operating results on a short term basis. We do not use these contracts for speculative or trading purposes.

We recognize derivative instruments from hedging activities as either assets or liabilities on the balance sheet and measure them at fair value. Gains and losses resulting from changes in fair value are accounted for depending on the use of the derivative and whether it is designated and qualifies for hedge accounting. To receive hedge accounting treatment, all hedging relationships are formally documented at the inception of the hedge, and the hedges must be highly effective in offsetting changes to future cash flows on hedged transactions. We record changes in the intrinsic value of these cash flow hedges in accumulated other comprehensive loss on the Condensed Consolidated Balance Sheets, until the forecasted transaction occurs. When the forecasted transaction occurs, we reclassify the related gain or loss on the cash flow hedge to the appropriate revenue or expense line of the Condensed Consolidated Statements of Operations. In the event the underlying forecasted transaction does not occur, or it becomes probable that it will not occur, we will reclassify the gain or loss on the related cash flow hedge from accumulated other comprehensive loss to interest and other income, net in our Condensed Consolidated Statements of Operations at that time.

We evaluate hedge effectiveness at the inception of the hedge prospectively as well as retrospectively and record any ineffective portion of the hedging instruments in interest and other income, net in our Condensed Consolidated Statements of Operations.

We analyzed our foreign currency exposure, including our hedging strategies, to identify assets and liabilities denominated in other currencies. For those assets and liabilities, we evaluated the effects of a 10% shift in exchange rates between those currencies and the U.S. dollar. We have determined that there would be an immaterial effect on our results of operations from such a shift. Please see Note 11 of the Notes to Condensed Consolidated Financial Statements for details on the contracts.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We maintain “disclosure controls and procedures,” as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), that are designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating our disclosure controls and procedures, management recognized that disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Additionally, in designing disclosure controls and procedures, our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible disclosure controls and procedures. The design of any disclosure controls and procedures also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

Based on their evaluation as of the end of the period covered by this Quarterly Report on Form 10-Q and subject to the foregoing, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures were effective at a reasonable assurance level.

Changes in Internal Control over Financial Reporting

During the three months ended July 2, 2017, there were no changes in our internal control over financial reporting that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II-OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The information required by this item is included in Note 10 of Notes to Condensed Consolidated Financial Statements under Item 1, Part I of this Quarterly Report on Form 10-Q and is incorporated herein by reference.

ITEM 1A. RISK FACTORS

In addition to the other information set forth in this report, including the following risk factor, you should carefully consider the risks and uncertainties discussed in Part I, "Item 1A. Risk Factors" in our Annual Report on Form 10-K for the year ended January 1, 2017, which could materially affect our business, financial condition or future results. Unless they materially change, risk factors in the 10-K are not repeated here, but are incorporated by reference from the Annual Report on Form 10-K. The risks described in our Annual Report on Form 10-K are not the only risks facing our Company. Additional risks and uncertainties not currently known to us or that we currently deem to be not material also may materially and adversely affect our business, financial condition and/or operating results.

Recent turnover with our Board of Directors may disrupt our operations, our strategic focus or our ability to drive stockholder value.

Our future success depends, in part, upon our ability to retain key members of our senior management team and our Board of Directors (the "Board") and to attract and retain other highly qualified personnel for our Board and senior management positions. In the past two months, Raymond Bingham (who was also our Executive Chairman), Eric Benhamou, and Wilbert van den Hoek all departed our Board, and J. Daniel McCranie and Camillo Martino (two new directors) were elected to our Board. This turnover may disrupt our operations, our strategic focus or our ability to drive stockholder value. If we fail to attract new skilled personnel for our Board and senior management positions, our business and growth prospects could disrupt our operations and seriously harm our operations and business.

CYPRESS SEMICONDUCTOR CORPORATION

2013 STOCK PLAN

(Amended and Restated as of June 20, 2017)

1. PURPOSES OF THE PLAN. THE PURPOSES OF THIS STOCK PLAN ARE:
 - to promote the long-term success of the Company's business;
 - to attract and retain the best available personnel for positions of substantial responsibility; and
 - to provide long-term incentive to Employees, Consultants and Outside Directors that is aligned with the long-term interest of the Company's stockholders.

2. COMPONENTS OF THE PLAN. THE PLAN PROVIDES FOR:
 - the discretionary granting of Options, Stock Appreciation Rights, Restricted Stock or Restricted Stock Units to Employees, Consultants and Outside Directors, which Options may be either Incentive Stock Options (for Employees only) or Nonstatutory Stock Options, as determined by the Administrator at the time of grant; and
 - the grant of Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock or Restricted Stock Units to Outside Directors pursuant to an automatic, non-discretionary formula.

3. SHARES SUBJECT TO THE PLAN. Subject to any adjustments contemplated under Section 16 of the Plan, the maximum aggregated number of Shares authorized for issuance under the Plan is 203,635,220. The Shares may be authorized, but unissued, or reacquired Common Stock. Any Shares subject to Options or Stock Appreciation Rights shall be counted against the numerical limits of this Section 3 as one Share for every Share subject thereto. Any Shares of Restricted Stock or Restricted Stock Units with a per Share or unit purchase price lower than 100% of Fair Market Value on the date of grant shall be counted against the numerical limits of this Section 3 as 1.88 Shares for every one Share subject thereto. To the extent that a Share that was subject to an Award that counted as 1.88 Shares against the Plan reserve pursuant to the preceding sentence is recycled back into the Plan under the next paragraph of this Section 3, the Plan shall be credited with 1.88 Shares.

Subject to Section 16 of the Plan, if any Shares that have been subject to an Option or SAR (whether granted under this Plan or the Terminated Plans) cease to be subject to such Option or SAR (other than through exercise of the Option or SAR), or if any Option or SAR granted hereunder or thereunder is forfeited, or any Option or SAR otherwise terminates prior to the issuance of Common Stock to the Participant, the Shares that were subject to such Option or SAR shall again be available for distribution in connection with future awards under the Plan (unless the Plan has terminated).

Shares that have actually been issued under the Plan upon exercise of an Option shall not in any event be returned to the Plan and shall not become available for future distribution under the Plan. With respect to SARs, when an SAR is exercised, the full number of shares subject to the SAR or portion thereof being exercised shall be counted against the numerical limits of this Section 3 above as one Share for every Share subject thereto, regardless of the number of Shares used to settle the SAR upon exercise. For example, if an SAR covering 100 shares is exercised by a Participant and the Participant receives 80 Shares (with 20 Shares withheld to cover the SAR exercise

price), the Plan Share reserve shall be debited the full 100 Shares and such Shares will not be available for future distribution under the Plan. Similarly, if Shares are withheld to satisfy the minimum statutory withholding obligations arising in connection with the vesting, exercise or issuance of any Award (or delivery of the related Shares), such withheld Shares will not be available for future issuance under the Plan.

Shares of Restricted Stock (including Restricted Stock Units) that do not vest and thus are forfeited back to or repurchased by the Company shall become available for future grant or sale under the Plan (unless the Plan has terminated). Shares of Restricted Stock or Restricted Stock Units that vest shall not in any event be returned to the Plan and shall not become available for future distribution under the Plan.

Notwithstanding the foregoing and, subject to adjustment as provided in Section 16 of the Plan, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options shall equal the aggregate Share number stated in the first paragraph of Section 3, plus, to the extent allowable under Section 422 of the Code and the Treasury Regulations promulgated thereunder, any Shares that become available for issuance under the Plan pursuant to the second and third paragraphs of this Section 3.

4. ADMINISTRATION OF THE PLAN.

4.1 Procedure.

4.1.1 Multiple Administrative Bodies. The Plan may be administered by different Committees with respect to different groups of Employees, Consultants and Directors.

4.1.2 Section 162(m). To the extent that the Administrator determines it to be desirable to grant Awards hereunder that are intended to constitute qualified "performance-based compensation" within the meaning of Section 162(m) of the Code, the Plan shall be administered by a Committee of two or more "outside directors" within the meaning of Section 162(m) of the Code.

4.1.3 Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the transactions contemplated hereunder shall be structured to satisfy the requirements for exemption under Rule 16b-3.

4.1.4 Other Administration. Other than as provided above, the Plan shall be administered by (A) the Board or (B) a Committee, which Committee shall be constituted to satisfy Applicable Laws.

4.1.5 Administration With Respect to Automatic Grants to Outside Directors. Automatic grants to Outside Directors shall be pursuant to a non-discretionary formula as set forth in Section 10 hereof and therefore shall not be subject to any discretionary administration.

4.2 Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator shall have the authority, in its discretion:

4.2.1 to determine the Fair Market Value of the Common Stock, in accordance with subsection 24.17 of the Plan;

4.2.2 to select the Consultants, Employees and Outside Directors to whom Options, Stock Appreciation Rights, Restricted Stock or Restricted Stock Units may be granted hereunder;

4.2.3 to determine whether and to what extent Options, Stock Appreciation Rights, Restricted Stock or Restricted Stock Units are granted hereunder;

4.2.4 to determine the number of shares of Common Stock to be covered by each Award granted hereunder;

4.2.5 to approve forms of agreement, including electronic forms, for use under the Plan;

4.2.6 to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Option, Stock Appreciation Right, Restricted Stock or Restricted Stock Unit award granted hereunder. Such terms and conditions include, but are not limited to, the exercise price, the time or times when Options or SARs may be exercised and when Restricted Stock or Restricted Stock Units vest or are issued (which may, in either case, be based on performance criteria), any vesting acceleration or waiver of forfeiture or repurchase restrictions, any deferral features for Restricted Stock or Restricted Stock Units, including those with performance-based vesting criteria, and any restriction or limitation regarding any Award or the shares of Common Stock relating thereto, based in each case on such factors as the Administrator, in its sole discretion, shall determine;

4.2.7 to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;

4.2.8 to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

4.2.9 to modify or amend each Award (subject to Section 19 of the Plan), including the discretionary authority to extend the post-termination exercisability period of Options or SARs longer than is otherwise provided for in the Plan (but not longer than the original Option or SAR term);

4.2.10 to allow Participants to satisfy withholding tax obligations by electing to have the Company withhold from the Shares to be issued upon exercise of an Option or SAR or the vesting or issuance of Restricted Stock or Restricted Stock Units that number of Shares having a Fair Market Value equal to the minimum statutory amount required to be withheld. The Fair Market Value of the Shares to be withheld shall be determined on the date that the amount of tax to be withheld is to be determined. All elections by a Participant to have Shares withheld for this purpose shall be made in such form and under such conditions as the Administrator may deem necessary or advisable;

4.2.11 to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

4.2.12 to determine the terms and restrictions applicable to Awards; and

4.2.13 to make all other determinations deemed necessary or advisable for administering the Plan.

4.3 Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations shall be final and binding on all Participants and any other holders of Awards.

5. ELIGIBILITY.

5.1 Discretionary Awards. Nonstatutory Stock Options, SARs, Restricted Stock and Restricted Stock Unit Awards may be granted to Employees, Consultants and Outside Directors. Incentive Stock Options may be granted only to Employees. If otherwise eligible, an Employee, Consultant or Outside Director who has been granted an Award may be granted additional Awards.

5.2 Outside Director Awards. Outside Directors shall also receive automatically granted Awards pursuant to Section 10 hereof.

6. LIMITATIONS.

6.1 Each Option shall be designated in the Notice of Grant or Option Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designations, to the extent that the aggregate Fair Market Value:

6.1.1 of Shares subject to a Participant's incentive stock options granted by the Company, any Parent or Subsidiary, which

6.1.2 become exercisable for the first time during any calendar year (under all plans of the Company or any Parent or Subsidiary) exceeds \$100,000, such excess Options shall be treated as Nonstatutory Stock Options. For purposes of this Section 6.1.2, incentive stock options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the time of grant.

6.2 Neither the Plan nor any Award shall confer upon any Participant any right with respect to continuing the Participant's employment or consulting relationship or tenure as a director with the Company, nor shall they interfere in any way with the Participant's, the Company's, or the Company's stockholders', right to terminate such employment or consulting relationship or tenure as a Director with the Company at any time, with or without cause.

6.3 The following limitations shall apply to grants of Options and SARs to Employees:

6.3.1 No Employee shall be granted, in any fiscal year of the Company, Options and SARs to purchase, in the aggregate, more than 3,000,000 Shares.

6.3.2 The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization as described in subsection 16.1 and any spin-off, split-off or similar transaction involving equity securities of a Subsidiary or former Subsidiary as described in subsection 16.4.

6.3.3 If an Option or SAR is cancelled (other than in connection with a transaction described in Section 16), the cancelled Option or SAR will be counted against the limit set forth in subsection 6.3.1. For this purpose, if the exercise price of an Option or SAR is reduced (which would require prior stockholder approval pursuant to Section 23 hereof), the transaction will be treated as a cancellation of the Option or SAR and the grant of a new Option or SAR.

7. TERM OF PLAN. The plan was amended and restated in 2017. It shall continue in effect until April 14, 2027, unless terminated earlier under Section 18 of the plan.

8. TERM OF OPTION OR SAR. The term of each option or SAR shall be eight (8) years from the date of grant or such shorter term as may be provided in the notice of grant, option or SAR agreement. In the case of an incentive stock option granted to a participant who, at the time the incentive stock option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the company or any parent or subsidiary, the term of the incentive stock option shall be five (5) years from the date of grant or such shorter term as may be provided in the notice of grant or option agreement.

9. OPTION AND SAR EXERCISE PRICE; OPTION CONSIDERATION.

9.1 Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option or SAR shall be determined by the Administrator, subject to the following:

9.1.1 In the case of an Incentive Stock Option

9.1.1.1 granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price shall be no less than 110% of the Fair Market Value per Share on the date of grant.

9.1.1.2 granted to any Employee other than an Employee described in paragraph (9.1.1.1) immediately above, the per Share exercise price shall be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

9.1.2 In the case of a Nonstatutory Stock Option or an SAR, the per Share exercise price shall be no less than one hundred percent (100%) of Fair Market Value per Share on the date of grant.

9.2 Vesting Period and Exercise Dates. At the time an Option or SAR is granted, the Administrator shall fix the period within which the Option or SAR may be exercised and shall determine any conditions which must be satisfied before the Option or SAR may be exercised. In so doing, the Administrator may specify that an Option or SAR may not be exercised until the completion of a service period or until certain performance milestones are achieved.

9.3 Form of Option Consideration. Except with respect to automatic stock option grants to Outside Directors, the Administrator shall determine the acceptable form of consideration for exercising an Option, including the method of payment. In the case of an Incentive Stock Option, the Administrator shall determine the acceptable form of consideration at the time of grant. The form of consideration shall be set forth in the Notice of Grant or Option Agreement and may, as determined by the Administrator (and to the extent consistent with Applicable Laws), consist entirely of:

9.3.1 cash;

9.3.2 check;

9.3.3 promissory note;

9.3.4 other previously-owned Shares which have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised;

9.3.5 delivery of a properly executed exercise notice together with such other documentation as the Administrator and the broker, if applicable, shall require to effect an exercise of the Option and delivery to the Company of the sale or loan proceeds required to pay the exercise price;

9.3.6 any combination of the foregoing methods of payment; or

9.3.7 such other consideration and method of payment for the issuance of Shares to the extent permitted by Applicable Laws.

10. GRANTS TO OUTSIDE DIRECTORS.

10.1 Procedure for Grants. Each Outside Director shall be granted an Award on the date of his or her initial election or appointment to the Board and annually thereafter on the date of the annual stockholder meeting (so long as the Outside Director is elected at the annual stockholder meeting and has been serving as such for at least three months prior to the annual meeting date), in an amount determined by the Administrator in its sole discretion. Such Awards shall vest and be payable and subject to such other terms and conditions as may be determined by the Administrator.

10.2 Outside Director Award Limitations. No Outside Director may be granted, in any fiscal year of the Company, Awards, with a grant date fair value (determined in accordance with either GAAP or IASB principles) of more than \$500,000, increased to \$750,000 in connection with his or her initial service.

10.3 Consideration for Exercising Outside Director Stock Options. The consideration to be paid for the Shares to be issued upon exercise of an Outside Director Option (granted on or prior to May 22, 2009) shall consist entirely of cash, check, other Shares of previously owned Common Stock which have a fair market value on the date of surrender equal to the aggregate exercise price of the Shares as to which said Option shall be exercised, and, for Options granted on or after the 2004 Company annual stockholder meeting, to the extent permitted by Applicable Laws, delivery of a properly executed exercise notice together with such other documentation as the Administrator and the broker, if applicable, shall require to effect an exercise of the Option and

delivery to the Company of the sale or loan proceeds required to pay the exercise price, or any combination of such methods of payment.

10.4 Post-Directorship Exercisability.

10.4.1 Termination of Status as a Director. If an Outside Director ceases to serve as a Director, he or she may, but only within ninety (90) days, or, for Options granted on or after the 2004 Company annual stockholder meeting, within one year, after the date he or she ceases to be a Director of the Company, exercise his or her Option to the extent that he or she was entitled to exercise it at the date of such termination. To the extent that he or she was not entitled to exercise an Option at the date of such termination, or if he or she does not exercise such Option (which he or she was entitled to exercise) within the time specified herein, the Option shall terminate.

10.4.2 Disability of Director. Notwithstanding the provisions of subsection 10.4.1 above, in the event a Director is unable to continue his or her service as a Director with the Company as a result of his or her Disability, he or she may, but only within six (6) months, or, for Options granted on or after the 2004 Company annual stockholder meeting, within one year, from the date of termination, exercise his or her Option to the extent he or she was entitled to exercise it at the date of such termination. To the extent that he or she was not entitled to exercise the Option at the date of termination, or if he or she does not exercise such Option (which he or she was entitled to exercise) within the time specified herein, the Option shall terminate.

10.4.3 Death of Director. In the event of the death of a Director:

10.4.3.1 during the term of the Option who is at the time of his death a Director of the Company and who shall have been in Continuous Status as a Director since the date of grant of the Option, the Option may be exercised, at any time within six (6) months, or, for Options granted on or after the 2004 Company annual stockholder meeting, within one year, following the date of death, by the Director's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise that would have accrued had the Director continued living and remained in Continuous Status as a Director for twelve (12) months after the date of death; or

10.4.3.2 within thirty (30) days after the termination of Continuous Status as a Director, the Option may be exercised, at any time within six (6) months, or, for Options granted on or after the 2004 Company annual stockholder meeting, within one year, following the date of death, by the Participant's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise that had accrued at the date of termination.

11. EXERCISE OF OPTION OR SAR.

11.1 Procedure for Exercise; Rights as a Stockholder. Any Option or SAR granted hereunder shall be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Option or SAR Agreement. An Option or SAR may not be exercised for a fraction of a Share.

An Option or SAR shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Agreement) from the person entitled to exercise the Option, and (ii) for Options only, full payment for the Shares with respect to which the Option is exercised. Full payment for Options may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Agreement and the Plan. Shares issued upon exercise of an Option or SAR shall be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the stock certificate evidencing such Shares is issued (as evidenced by the valid and appropriate entry on: the books of the Company or of a duly authorized transfer agent of the Company or in a Participant's account on the electronic platform maintained to administer the Plan), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option or SAR. The Company shall issue (or cause to be issued) such stock certificate promptly after the Option or SAR is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 16 of the Plan.

Exercising an Option or SAR in any manner shall decrease the number of Shares thereafter available for sale under the Option or SAR by the number of Shares as to which the Option or SAR is exercised.

11.2 Termination of Service. Upon termination of a Participant's Continuous Status as an Employee, Consultant or Director, other than upon the Participant's death or Disability, the Participant may exercise the Option or SAR, but only within such period of time as is specified in the Notice of Grant, Option or SAR Agreement, and, unless otherwise determined by the Administrator, only to the extent that the Participant was entitled to exercise it at the date of termination (but in no event later than the expiration of the term of such Option or SAR as set forth in the Notice of Grant or Option Agreement). In the absence of a specified time in the Notice of Grant, Option or SAR Agreement, the Option or SAR shall remain exercisable for thirty (30) days following the Participant's termination of Continuous Status as an Employee, Consultant or Director. If, at the date of termination, the Participant is not entitled to exercise the entire Option or SAR, the Shares covered by the unexercisable portion of the Option or SAR shall revert to the Plan. If, after termination, the Participant does not exercise the Option or SAR within the time specified by the Administrator, the Option or SAR shall terminate, and the Shares covered by such Option or SAR shall revert to the Plan.

11.3 Disability of Participant. In the event that a Participant's Continuous Status as an Employee, Consultant or Director terminates as a result of the Participant's Disability, the Participant may exercise his or her Option or SAR at any time within six (6) months or such other period of time not exceeding twelve (12) months, as is specified in the Notice of Grant, Option or SAR Agreement, except in the case of stock option grants to Outside Directors, which shall be exercised as specified in Section 10. Unless otherwise determined by the Administrator, any such Options or SARs may only be exercised to the extent that the Participant was entitled to exercise it at the date of such termination (but in no event later than the expiration of the term of such Option or SAR as set forth in the Notice of Grant, Option or SAR Agreement). If, at the date of termination, the Participant is not entitled to exercise his or her entire Option or SAR, the Shares covered by the unexercisable portion of the Option or SAR shall revert to the Plan. If, after termination, the Participant does not exercise his or her Option or SAR within the time specified herein, the Option or SAR shall terminate, and the Shares covered by such Option or SAR shall revert to the Plan.

11.4 Death of Participant. In the event of the death of a Participant (other than an Outside Director with respect to his or her stock option grant):

11.4.1 during the term of the Option or SAR who is at the time of his or her death an Employee, Consultant or Director of the Company and who shall have been in Continuous Status as an Employee, Consultant or Director since the date of grant of the Option or SAR, the Option or SAR may be exercised, at any time within six (6) months following the date of death, by the Participant's estate or by a person who acquired the right to exercise the Option or SAR by bequest or inheritance, but only to the extent of the right to exercise that would have accrued had the Participant continued living and remained in Continuous Status as an Employee, Consultant or Director for twelve (12) months after the date of death; or

11.4.2 within thirty (30) days after the termination of Continuous Status as an Employee, Consultant or Director, the Option or SAR may be exercised, at any time within six (6) months following the date of death, by the Participant's estate or by a person who acquired the right to exercise the Option or SAR by bequest or inheritance, but only to the extent of the right to exercise that had accrued at the date of termination.

12. STOCK APPRECIATION RIGHTS.

12.1 The SAR shall entitle the Participant, by exercising the SAR, to receive from the Company an amount equal to the excess of (x) the Fair Market Value of the Common Stock covered by exercised portion of the SAR, as of the date of such exercise, over (y) the Fair Market Value of the Common Stock covered by the exercised portion of the SAR, as of the date on which the SAR was granted; provided, however, that the Administrator may place limits on the amount that may be paid upon exercise of a SAR.

12.2 SARs shall be exercisable, in whole or in part, at such times as the Administrator shall specify in the Participant's Award Agreement.

12.3 Form of Payment. The Company's obligation arising upon the exercise of a SAR may be paid in Common Stock or in cash, or in any combination of Common Stock and cash, as the Administrator, in its sole discretion, may determine, but only as specified in the Notice of Grant or SAR Agreement. Shares issued upon the exercise of a SAR shall be valued at their Fair Market Value as of the date of exercise.

12.4 Rule 16b-3. SARs granted hereunder shall contain such additional restrictions as may be required to be contained in the Plan or Award Agreement in order for the SAR to qualify for the maximum exemption provided by Rule 16b-3.

13. RESTRICTED STOCK/RESTRICTED STOCK UNITS.

13.1 Grant of Restricted Stock/Restricted Stock Units. Subject to the terms and conditions of the Plan, Restricted Stock or Restricted Stock Units may be granted to Employees, Consultants and Outside Directors at any time and from time to time as shall be determined by the Administrator, in its sole discretion. The Administrator shall have complete discretion to determine (i) the number of Shares subject to a Restricted Stock or Restricted Stock Unit Award granted to any Participant (provided that during any Fiscal Year, no Participant shall receive more than 1,500,000 Shares in the aggregate of Restricted Stock or Restricted Stock Unit Awards) (ii) whether the form of the award shall be Shares or rights to acquire Shares (i.e., Restricted Stock Units), and (iii) the conditions that must be satisfied, which may include or consist entirely of performance-based milestones, upon which is conditioned the grant or vesting of Restricted Stock or Restricted Stock Units. The foregoing

limitation in subsection 13.1(i) shall be adjusted proportionately in connection with any change in the Company's capitalization as described in subsection 16.1 and any spin-off, split-off or similar transaction involving equity securities of a Subsidiary or former Subsidiary as described in subsection 16.4. For Restricted Stock Units, each such unit shall be the equivalent of one Share of Common Stock for purposes of determining the number of Shares subject to an Award. Until the stock certificate evidencing such Shares is issued (as evidenced by the valid and appropriate entry on: the books of the Company or of a duly authorized transfer agent of the Company or in a Participant's account on the electronic platform maintained to administer the Plan), no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Restricted Stock or Restricted Stock Unit, notwithstanding its vesting. Except with respect to Restricted Stock or Restricted Stock Units with a deferral feature and where delivery has been deferred to a time after the vesting date, as permitted by the Administrator in its sole discretion, the Company shall issue (or cause to be issued) such stock certificate promptly after the Restricted Stock or Restricted Stock Unit vests. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 16 of the Plan and except that Restricted Stock and Restricted Stock Units that have already vested but have not yet been delivered due to the Participant's election to defer their delivery shall be credited with all dividends and other distributions relating to shares of Stock, which shall be delivered to such Participants simultaneously with the delivery of their deferred shares of Stock.

13.2 Other Terms. The Administrator, subject to the provisions of the Plan, shall have complete discretion to determine the terms and conditions of Restricted Stock and Restricted Stock Unit Awards granted under the Plan. Restricted Stock and Restricted Stock Unit Awards shall be subject to the terms, conditions, and restrictions determined by the Administrator at the time of grant, which may include such performance-based milestones as are determined appropriate by the Administrator, which may be Performance Goals, or for Restricted Stock or Restricted Stock Unit Awards not intended to qualify as "performance-based compensation" under Code Section 162(m), may be other performance-based milestones. The Administrator may require the recipient to sign a Restricted Stock or Restricted Stock Unit Agreement as a condition of the Award. Any certificates representing the shares of Common Stock awarded shall bear such legends as shall be determined by the Administrator.

13.3 Restricted Stock or Restricted Stock Unit Award Agreement. Each Restricted Stock or Restricted Stock Unit grant shall be evidenced by an Award agreement that shall specify the purchase price (if any) and such other terms and conditions as the Administrator, in its sole discretion, shall determine; provided; however, that if the Restricted Stock or Restricted Stock Unit Award has a purchase price, such purchase price must be paid no later than the earlier of (i) eight (8) years following the date of grant, or (ii) the vesting date.

13.4 Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock or Restricted Stock Units as "performance-based compensation" under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals shall be set by the Administrator on or before the latest date permissible to enable the Restricted Stock or Restricted Stock Units to qualify as "performance-based compensation" under Section 162(m) of the Code. In granting Restricted Stock or Restricted Stock Units which is intended to qualify under Section 162(m) of the Code, the Administrator shall follow any procedures determined by it from time to time to be necessary or appropriate to ensure qualification of the Restricted Stock or Restricted Stock Units under Section 162(m) of the Code (e.g., in determining the Performance Goals).

13.5 Restricted Stock/Restricted Stock Unit Deferrals. The Administrator, in its sole discretion, may permit Participants to defer the settlement of Restricted Stock or Restricted Stock Units in accordance with Code Section 409A and with rules and procedures established by the Administrator. Any deferred Restricted Stock or Restricted Stock Units shall remain subject to the claims of the Company's general creditors until distributed to the Participant.

14. LEAVES OF ABSENCE. Unless the administrator provides otherwise, and subject to applicable laws, vesting of awards granted hereunder shall cease during any unpaid leave of absence. Moreover, unless the administrator provides otherwise, any employee who transfers his or her employment to a subsidiary and receives an equity incentive covering such subsidiary's equity securities in connection with such transfer, shall cease vesting in awards granted under this plan until such time, if any, as such employee transfers from the employ of such subsidiary or another subsidiary directly back to the employ of the company.

15. TRANSFERABILITY OF AWARDS. An Award may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the participant, only by the participant; provided, however, that the Administrator, in its discretion, may permit the transfer of Awards to living trusts or other estate planning entities as permitted under Form S-8 promulgated under the Securities Act of 1933. If the administrator makes an Award transferable, such Award shall contain such additional terms and conditions as the administrator deems appropriate; provided, however, that in no event may an Award be transferred in exchange for consideration.

16. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION OR SIMILAR TRANSACTION, DISSOLUTION, MERGER, ASSET SALE OR CHANGE OF CONTROL.

16.1 Changes in Capitalization. Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each outstanding Award (including deferred Restricted Stock and Restricted Stock Unit Awards that have not been settled), and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Award or forfeiture or repurchase of unvested Restricted Stock or Restricted Stock Units, the price per share, if any, of Common Stock covered by each such outstanding Award, the limit on the number of Shares subject to an Option or SAR that may be granted to an Employee in any fiscal year under subsection 6.3.1, as well as the limit of the number of Shares that may be issued as Restricted Stock or Restricted Stock Unit Awards under subsection 13.1, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company; provided, however, that conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option, SAR, Restricted Stock, or Restricted Stock Unit award.

16.2 Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, with respect to discretionary Awards granted under the Plan (but not with respect to Awards granted to

Outside Directors) the Board may, in the exercise of its sole discretion in such instances, declare that any such Award shall terminate as of a date fixed by the Board and give each Participant the right to exercise his or her Option or SAR as to all or any part of the Optioned Stock, including Shares as to which the Option would not otherwise be exercisable or accelerate the vesting of a Participant's Restricted Stock or Restricted Stock Unit Award.

16.3 Merger or Asset Sale. In the event of a merger of the Company with or into another corporation, or the sale of all (or substantially all) of the assets of the Company, each outstanding Award shall be assumed or an equivalent Award shall be substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. With respect to a discretionary Award granted under the Plan (but not with respect to Options granted to Outside Directors under Section 10), the Administrator may, in the exercise of its sole discretion and in lieu of such assumption or substitution, provide for the Participant to have the right to exercise such Option or SAR as to all of the Optioned Stock, including as to Shares which would not otherwise be exercisable and/or provide for the accelerated vesting of Restricted Stock or Restricted Stock Units. With respect to Options and restricted stock units granted to Outside Directors under Section 10, in the event that the successor corporation does not agree to assume such Options and restricted stock units or to substitute equivalent options or rights, each such outstanding Option and restricted stock unit shall become fully vested and exercisable, including as to Shares and units as to which it would not otherwise be exercisable, unless the Board, in its discretion, determines otherwise.

If the Administrator makes a discretionary Option or SAR fully exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Participant that the Option or SAR shall be fully exercisable for a period of thirty (30) days from the date of such notice, and the Option or SAR will terminate upon the expiration of such period.

For the purposes of this subsection, the Award shall be considered assumed if, following the merger or sale of assets, the Award confers the right to purchase (or, in the case of Restricted Stock or Restricted Stock Units without a purchase price, receive), for each Share subject to the Award immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets was not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option or SAR or vesting of the Restricted Stock or Restricted Stock Unit Award, for each Share subject to the Award, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

16.4 Spin-Off or Split-Off. Subject to any required action by the stockholders of the Company, the number and/or type of shares covered by each outstanding Award (including deferred Restricted Stock and Restricted Stock Unit Awards that have not been settled), the number and/or type of shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Award or forfeiture or repurchase of unvested Restricted Stock or Restricted Stock Units, the price per share, if any, of Common Stock covered by each such outstanding Award and the limit on the number of Shares subject to an Option or SAR that may be granted to an Employee in any fiscal year under subsection 6.3.1, as well as the limit of the number of Shares that may be issued as Restricted Stock or Restricted Stock Unit Awards under subsection 13.1 shall be appropriately and proportionately adjusted to account

for any increase or diminution in value of an Award resulting from a spin-off, split-off or similar transaction involving equity securities of a Subsidiary or former Subsidiary. Any such automatic and non-discretionary adjustment or action shall be made by the Board, whose determination in that respect shall be final, binding and conclusive.

17. AWARD GRANT DATE. The date of grant of an award shall be, for all purposes, the date on which the administrator makes the determination granting such Option, SAR, Restricted Stock, or Restricted Stock Unit award, or such other later date as is determined by the administrator. Notice of the determination shall be provided to each participant within a reasonable time after the date of such grant.

18. AMENDMENT AND TERMINATION OF THE PLAN.

18.1 Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

18.2 Stockholder Approval. The Company shall obtain stockholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws. Shares may not be added to the Plan (other than pursuant to Sections 3, 16.1, or 16.4 hereof) without obtaining stockholder approval.

19. Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Participant, unless mutually agreed otherwise between the Participant and the Administrator, which agreement must be in writing and signed by the Participant and the Company.

20. CONDITIONS UPON ISSUANCE OF SHARES.

20.1 Legal Compliance. Shares shall not be issued pursuant to the exercise of an Option or SAR or vesting of a Restricted Stock or Restricted Stock Unit Award unless the exercise of such Option or SAR or vesting of such Restricted Stock or Restricted Stock Unit Award and the issuance and delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel, as needed, for the Company with respect to such compliance.

20.2 Investment Representations. As a condition to the exercise of an Option or SAR or purchase of Restricted Stock or Restricted Stock Unit, the Company may require the person exercising such Option or SAR or purchasing such Restricted Stock or Restricted Stock Unit to represent and warrant at the time of any such exercise or purchase that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

21. LIABILITY OF COMPANY.

21.1 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority was not obtained.

21.2 Awards Exceeding Allotted Shares. If the Shares covered by an Award exceed, as of the date of grant, the number of Shares which may be issued under the Plan without additional stockholder approval, such Award shall be void with respect to such excess Shares, unless stockholder approval of an amendment sufficiently increasing the number of Shares subject to the Plan is timely obtained in accordance with subsection 18.2 of the Plan.

22. RESERVATION OF SHARES; SECTION 409A; NO REPRESENTATIONS OR COVENANTS AS TO TAX QUALIFICATIONS. The Company, during the term of this Plan, will at all times reserve and keep available such number of shares as shall be sufficient to satisfy the requirements of the Plan.

Except as provided in the paragraph below, to the extent that the Administrator determines that any Award is subject to Section 409A of the Code, the Award Agreement evidencing such Award shall incorporate the terms and conditions required by Section 409A of the Code. To the extent applicable, the Plan and Award Agreements shall be interpreted in accordance with Section 409A of the Code and U.S. Department of Treasury regulations and other interpretive guidance issued thereunder, including, without limitation, any such regulations or other guidance that may be issued after the effective date of the Plan or any amendment thereto. Notwithstanding any provision of the Plan to the contrary, in the event that following the date an Award is granted the Administrator determines that the Award may be subject to Section 409A of the Code and related U.S. Department of Treasury guidance (including such U.S. Department of Treasury guidance as may be issued after the effective date of the Plan or any amendment thereto), the Administrator may, without consent of the Participant, adopt such amendments to the Plan and the applicable Award Agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, including amendments or actions that would result in a reduction to the benefits payable under an Award, in each case, without the consent of the Participant, as applicable, that the Administrator determines are necessary or appropriate to (a) exempt the Award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the Award, or (b) comply with the requirements of Section 409A of the Code and related U.S. Department of Treasury guidance and thereby avoid the application of any penalty taxes under such Section or mitigate any additional tax, interest and/or penalties or other adverse tax consequences that may apply under Section 409A of the Code if compliance is not practical.

Although the Company may endeavor to (1) qualify an Award for favorable tax treatment under the laws of the United States or jurisdictions outside of the United States (e.g., incentive stock options under Section 422 of the Code or French-qualified stock options) or (2) avoid adverse tax treatment (e.g., under Sections 280G, 409A or 457A of the Code), the Company makes no representation to that effect and expressly disavows any covenant to maintain favorable or avoid unfavorable tax treatment and any liability to any Participant for failure to maintain favorable or avoid unfavorable tax result. The Company shall be unconstrained in its corporate activities without regard to the potential negative tax impact on Participants under the Plan. Nothing in this Plan or in an Award Agreement shall provide a basis for any person to take any action against the Company or any Subsidiary based on matters covered by Section 409A of the Code, including the tax treatment of any Awards, and neither the Company nor any Subsidiary will have any liability under any circumstances to Participant or any other party if the Award that is intended to be exempt from, or compliant with, Section 409A of the Code, is not so exempt or compliant or for any action taken by the Administrator with respect thereto.

EXHIBIT A
CYPRESS SEMICONDUCTOR CORPORATION
2013 STOCK PLAN AS AMENDED
RESTRICTED STOCK UNIT AGREEMENT

1. Grant. The Company hereby grants to the Participant an award of Restricted Stock Units ("RSUs"), as set forth in the Notice of Grant of Restricted Stock Units and subject to the terms and conditions in this Agreement and the Company's 2013 Stock Plan, as Amended, (the "Plan"). Unless otherwise defined herein, the terms defined in the Plan shall have the same defined meanings in this Restricted Stock Unit Agreement (the "Agreement").

2. Company's Obligation. Each RSU represents the right to receive a Share on the vesting date. Unless and until the RSUs vest, the Participant will have no right to receive Shares under such RSUs. Prior to actual distribution of Shares pursuant to any vested RSUs, such RSUs will represent an unsecured obligation of the Company, payable (if at all) only from the general assets of the Company.

3. Vesting Schedule. Subject to paragraph 4, the RSUs awarded by this Agreement will vest in the Participant according to the vesting schedule specified in the Notice of Grant.

4. Forfeiture upon Termination as an Employee, Consultant or Director. Notwithstanding any contrary provision of this Agreement or the Notice of Grant, if the Participant terminates service as an Employee, Consultant or Director for any or no reason prior to vesting, the unvested RSUs awarded by this Agreement will thereupon be forfeited at no cost to the Company.

5. Payment after Vesting. Any RSUs that vest in accordance with paragraph 3 will be paid to the Participant (or in the event of the Participant's death, to his or her estate) in Shares; provided that to the extent determined appropriate by the Company, the minimum statutorily required federal, state and local withholding taxes with respect to such RSUs will be paid by reducing the number of vested RSUs actually paid to the Participant or by such other method then authorized by the Company.

6. Payments after Death. Any distribution or delivery to be made to the Participant under this Agreement will, if the Participant is then deceased, be made to the administrator or executor of the Participant's estate. Any such administrator or executor must furnish the Company with (a) written notice of his or her status as transferee, and (b) evidence satisfactory to the Company to establish the validity of the transfer and compliance with any laws or regulations pertaining to said transfer.

7. Rights as Stockholder. Neither the Participant nor any person claiming under or through the Participant will have any of the rights or privileges of a stockholder of the Company in respect of

any Shares deliverable hereunder unless and until certificates representing such Shares will have been issued, recorded on the records of the Company or its transfer agents or registrars, and delivered to the Participant or Participant's broker.

8. No Effect on Employment or Status. The Participant's employment or other service relationship with the Company and its Subsidiaries is on an at-will basis only. Accordingly, the terms of the Participant's employment or other service relationship with the Company and its Subsidiaries will be determined from time to time by the Company or the Subsidiary employing or otherwise engaging the Participant (as the case may be), and the Company or the Subsidiary will have the right, which is hereby expressly reserved, to terminate or change the terms of the employment or other service relationship of the Participant at any time for any reason whatsoever, with or without good cause or notice. In addition, this Agreement shall not in any way be construed or interpreted so as to affect adversely or otherwise impair the right of the Company or the stockholders to remove a Director from the Board at any time in accordance with the provisions of applicable law.

9. Address for Notices. Any notice to be given to the Company under the terms of this Agreement will be addressed to the Company at 198 Champion Court, San Jose, California 95134-1599, Attn: Stock Administration, or at such other address as the Company may hereafter designate in writing or electronically.

10. Grant is Not Transferable. Except to the limited extent provided in paragraph 6, this grant and the rights and privileges conferred hereby will not be transferred, assigned, pledged or hypothecated in any way (whether by operation of law or otherwise) and will not be subject to sale under execution, attachment or similar process. Upon any attempt to transfer, assign, pledge, hypothecate or otherwise dispose of this grant, or any right or privilege conferred hereby, or upon any attempted sale under any execution, attachment or similar process, this grant and the rights and privileges conferred hereby immediately will become null and void.

11. Binding Agreement. Subject to the limitation on the transferability of this grant contained herein, this Agreement will be binding upon and inure to the benefit of the heirs, legatees, legal representatives, successors and assigns of the parties hereto.

12. Additional Conditions to Issuance of Stock. If at any time the Company will determine, in its discretion, that the listing, registration or qualification of the Shares upon any securities exchange or under any state or federal law, or the consent or approval of any governmental regulatory authority is necessary or desirable as a condition to the issuance of Shares to the Participant (or his or her estate), such issuance will not occur unless and until such listing, registration, qualification, consent or approval will have been effected or obtained free of any conditions not acceptable to the Company. The Company will make all reasonable efforts to meet the requirements of any such state or federal law or securities exchange and to obtain any such consent or approval of any such governmental authority.

13. Plan Governs. This Agreement and the Notice of Grant are subject to all terms and provisions of the Plan. In the event of a conflict between one or more provisions of this Agreement or the Notice of Grant and one or more provisions of the Plan, the provisions of the Plan will govern.

14. Administrator Authority. The Administrator will have the power to interpret the Plan and this Agreement and to adopt such rules for the administration, interpretation and application of the Plan as are consistent therewith and to interpret or revoke any such rules (including, but not limited to, the determination of whether or not any RSUs have vested). All actions taken and all interpretations and determinations made by the Administrator in good faith will be final and binding upon Participant, the Company and all other interested persons. No member of the Administrator will be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or this Agreement.

15. Additional Terms for Participants Providing Services Outside the United States. To the extent Participant provides services to the Company in a country other than the United States, the RSUs shall be subject to such additional or substitute terms as shall be set forth for such country in Appendix A attached hereto.

16. Data Privacy. By acceptance of this Agreement, the Participant acknowledges and consents to the collection, use, processing and transfer of personal data as described below. The Company, its affiliates and the Participant's employer hold certain personal information, including the Participant's name, home address and telephone number, date of birth, social security number or other Participant tax identification number, salary, nationality, job title, and information regarding equity compensation grants or Common Stock awarded, cancelled, purchased, vested, unvested or outstanding in the Participant's favor, for the purpose of managing and administering the Plan ("Data"). The Company, its affiliates and the Participant's employer will transfer Data to any third parties assisting the Company in the implementation, administration and management of the Plan (and grants of awards made thereunder). These recipients may be located in the United States, the European Economic Area, or elsewhere. The Participant hereby authorizes them to receive, possess, use, retain and transfer the Data, in electronic or other form, for the purposes of implementing, administering and managing participation in the Plan (and grants of awards made thereunder), including any requisite transfer of such Data as may be required for the administration of the Plan (and grants of awards made thereunder) on behalf of the Participant to a third party with whom the Participant may have elected to have payment made pursuant to the Plan. The Participant may, at any time, review Data, require any necessary amendments to it or withdraw the consent herein in writing by contacting the Company; however, withdrawing the consent may affect the Participant's ability to participate in the Plan and receive the benefits intended by this Agreement.

APPENDIX A

This Appendix A to the Company's 2013 Stock Plan, as amended (the "Plan") Restricted Stock Unit Agreement (the "Agreement") includes special terms and conditions applicable to Participants in the countries below. These terms and conditions are in addition to or substitute for, as applicable, those set forth in the Agreement. Any capitalized term used in this Appendix A without definition shall have the meaning ascribed to such term in the Plan or the Notice of Grant, as applicable.

Each Participant is advised to seek appropriate professional advice as to how the relevant exchange control and tax laws in the Participant's country may apply to the Participant's individual situation.

CANADA

Settlement of RSUs. Notwithstanding any terms or conditions of the Plan or the Agreement to the contrary, RSUs will be settled in shares of Common Stock only, not cash.

Securities Law Information. You acknowledge and agree that you will only sell shares of Common Stock acquired through participation in the Plan outside of Canada through the facilities of a stock exchange on which the Common Stock is listed. Currently, the shares of Common Stock are listed on the NASDAQ.

Termination of Employment. This provision replaces Section 4 of the Agreement:

In the event of your termination of employment or other service relationship (for any reason whatsoever, whether or not later found to be invalid or in breach of employment laws in the jurisdiction where you are employed or the terms of your employment agreement, if any), your right to vest in the RSUs will terminate effective as of the date that is the earlier of (1) the date you are no longer actively providing service or (2) the date you receive notice of termination of employment from the Employer, regardless of any notice period or period of pay in lieu of such notice required under applicable laws (including, but not limited to statutory law, regulatory law and/or common law); the Company shall have the exclusive discretion to determine when you are no longer actively employed for purposes of the RSUs.

The following provisions apply if you are resident in Quebec:

CHINA

Mandatory Sale Restriction

Due to regulatory requirements in China, the Company reserves the right to require the sale of any shares of the Company's Common Stock acquired under the Plan within 30 days following the termination of the

Participant's employment or service with the Company (including its subsidiaries and affiliates). The Participant authorizes the Company, in its sole discretion, to instruct its designated broker to assist with the mandatory sale of shares of Common Stock issued upon vesting of RSUs following the Participant's termination of employment or service with the Company (including its subsidiaries and affiliates) and, in this regard, the Participant authorizes the Company's designated broker to complete the sale of such Common Stock on the Participant's behalf pursuant to this authorization upon receipt of the Company's instructions. The Participant acknowledges that neither the Company nor its designated broker is obligated to arrange for the sale of the Shares at any particular price and that, upon the sale of the Shares, the proceeds from the sale of the Shares, less any brokerage fees or commissions and subject to any obligation to satisfy any applicable taxes or other tax-related items, will be remitted to the Participant in accordance with applicable exchange control laws and regulations.

Exchange Control Restrictions

The Participant understands and agrees that, pursuant to local exchange control requirements, the Participant (i) is not permitted to transfer any Shares acquired under the Plan out of the account established by the Participant with the Company's designated broker, and (ii) will be required to repatriate all cash proceeds resulting from the Participant's participation in the Plan, including cash dividends paid by the Company on Shares acquired under the Plan and/or the sale of such Shares (together, the "cash proceeds"). The Participant further understands that, under local law, such repatriation may need to be effectuated through a special exchange control account established by the Company or one of its subsidiaries and the Participant hereby consents and agrees that all cash proceeds may be transferred to such special account prior to being delivered to the Participant and that any interest earned on the cash proceeds prior to distribution to the Participant will be retained by the Company to partially offset the cost of administering the Plan. The Participant understands that the cash proceeds may be paid to the Participant from this special account in U.S. dollars or in local currency, at the Company's discretion. If the cash proceeds are paid in U.S. dollars, the Participant understands that he or she will be required to establish a U.S. dollar bank account in China so that the cash proceeds may be deposited into this account. If the cash proceeds are converted to local currency, the Participant acknowledges that the Company is under no obligation to secure any exchange conversion rate, and the Company may face delays in converting the cash proceeds to local currency due to exchange control restrictions in China. The Participant agrees to bear the risk of any exchange conversion rate fluctuation between the date the cash dividend is paid and/or the Shares are sold, as applicable, and the date of conversion of the cash proceeds to local currency. The Participant further agrees to comply with any other requirements that may be imposed by the Company in the future in order to facilitate compliance with exchange control requirements in China.

The Company may also make the Data available to public authorities where required under locally applicable law. UNITED KINGDOM

Tax Withholding.

The following is added to the “Tax Withholding” section of the Agreement.

The Participant will be liable for and agrees to indemnify and keep indemnified the Company, any subsidiary and his/her employing company, if different, from and against any liability for or obligation to pay any Tax Liability (a “Tax Liability” being any liability for income tax, Participant’s National Insurance contributions and, at the discretion of the Company, employer’s National Insurance Contributions) that is attributable to (i) the grant or vesting of, or any benefit derived by the Participant from, the RSUs, (ii) the acquisition by the Participant of the Common Stock on the settlement of the RSUs, or (iii) the disposal of any Common Stock.

At the discretion of the Company, the RSUs will not vest until the Participant has entered into an election with the Company (or his/her employer) (as appropriate) in a form approved by the Company and Her Majesty’s Revenue & Customs (a “Joint Election”) under which any liability of the Company and/or the employer for employer’s National Insurance contributions arising in respect of the granting, vesting, settlement of or other dealing in the RSUs, or the acquisition of Common Stock on settlement of the RSUs, is transferred to and met by the Participant.

The RSUs will not vest until the Participant has made such arrangements as the Company may require for the satisfaction of any Tax Liability that may arise in connection with the vesting or settlement of the RSUs and/or the acquisition of the Common Stock by the Participant. The Company shall not be required to issue, allot or transfer Common Stock until the Participant has satisfied this obligation.

No Right to Continued Employment.

This provision replaces the “No Effect on Employment or Status” section of the Agreement.

Neither the RSUs nor this Agreement:

- (i) confers upon the Participant any right to continue to be an employee, consultant or director of the Company or any of its subsidiaries or interferes in any way with the right of the Company or any of its subsidiaries to terminate the Participant’s employment at any time; or
- (ii) forms part of the Participant’s entitlement to remuneration and benefits in terms of his/her employment, or affects the Participant’s terms and conditions of employment.

Data Privacy.

This provision replaces the “Data Privacy” section of the Agreement.

By acceptance of this Agreement, the Participant acknowledges and consents to the collection, use, processing and transfer of personal data as described below. The Company, its affiliates and the Participant’s employer hold certain personal information (including sensitive personal information) such as the Participant’s name, home address and telephone number, date of birth, social security number or other Participant tax identification number, salary, nationality, job title, and information regarding equity compensation grants or Common Stock awarded, cancelled, purchased, vested, unvested or outstanding in the Participant’s favor, for the purpose of managing and administering the Plan (“Data”). By participating in the Plan, the Participant agrees that the Company, its affiliates and the Participant’s employer may hold and process such Data, and may transfer Data to any third parties assisting the Company or its affiliates in the implementation,

administration and management of the Plan (and grants of awards made thereunder). These recipients may be located in the United States, the European Economic Area, or elsewhere. The Participant hereby authorizes them to receive, possess, process, use, hold, retain and transfer the Data, in electronic or other form, for the purposes of implementing, administering and managing participation in the Plan (and grants of awards made thereunder) and in the course of the Company's business, including any requisite transfer of such Data as may be required for the administration of the Plan (and grants of awards made thereunder) on behalf of the Participant to a third party with whom the Participant may have elected to have payment made pursuant to the Plan. The Participant may, at any time, review Data, require any necessary amendments to it or withdraw the consent herein in writing by contacting the Company; however, withdrawing the consent may affect the Participant's ability to participate in the Plan and receive the benefits intended by this Agreement.

Manner of Payment. This provision replaces Section 5 of the Agreement:

Notwithstanding any discretion in the Plan or this Agreement to the contrary, upon vesting of the RSUs, Shares will be issued to the Participant. In no event will the Award be paid to Participant in the form of cash.

Furthermore, notwithstanding any provision of the Plan or the Agreement to the contrary, the Participant will not be entitled to receive any Shares pursuant to the vesting of the RSUs unless and until the Participant has executed a Joint Election (as defined below) in connection with the RSUs.

Joint Election. As a condition of the grant of RSUs, the Participant agrees to accept any liability for secondary Class 1 National Insurance contributions (the "Employer NICs") which may be payable by the Company or the Employer with respect to the vesting of the RSUs or otherwise payable with respect to a benefit derived in connection with the RSUs.

Without limitation to the foregoing, the Participant agrees to execute a joint election between the Company and/or the Employer and Participant (the "Joint Election"), the form of such Joint Election being formally approved by HMRC, and any other consent or election required to accomplish the transfer of the Employer NICs to the Participant. The Participant further agrees to execute such other joint elections as may be required between the Participant and any successor to the Company and/or the Employer. If the Participant does not enter into a Joint Election, no Shares shall be issued to the Participant without any liability to the Company and/or the Employer. The Participant further agrees that the Company and/or the Employer may collect the Employer NICs from the Participant by any means.

If the Participant has signed a Joint Election in the past with respect to an RSU award granted to him or her by the Company and that Joint Election applies to all grants made under the Plan, the Participant need not sign another Joint Election in connection with this RSU grant.

Responsibility for Taxes. This provision supplements the Agreement:

You agree that, if you do not pay or the Employer or the Company does not withhold from you the full amount of Tax-Related Items that you owe at vesting and settlement of the RSUs, or the release or assignment of the RSUs for consideration, or the receipt of any other benefit in connection with the RSUs (the "Taxable Event") within 90 days after the Taxable Event, or such other period specified in Section 222(1)(c) of the U.K. Income Tax (Earnings and Pensions) Act 2003, then the amount of income tax that should have been withheld shall constitute a loan owed by you to the Employer, effective 90 days after the Taxable Event. You agree that the loan will bear interest at Her Majesty's Revenue & Customs' ("HMRC") official rate and will be immediately due and repayable by you, and the Company and/or the Employer may recover it at any time thereafter by withholding the funds from salary, bonus or any other funds due to you by the Employer, by withholding in shares of Common Stock issued upon vesting of your RSUs or from the cash proceeds from

the sale of shares of Common Stock or by demanding cash or a cheque from you. You also authorize the Company to delay the issuance of any shares of Common Stock unless and until the loan is repaid in full.

Notwithstanding the foregoing, if you are an officer or executive director (as within the meaning of Section 13(k) of the U.S. Securities Exchange Act of 1934, as amended), the terms of the immediately foregoing provision will not apply. In the event that you are an officer or executive director and the income tax that is due is not collected from or paid by you within 90 days of the Taxable Event, the amount of any uncollected income tax may constitute a benefit to you on which additional income tax and national insurance contributions may be payable. You will be responsible for reporting and paying any income tax due on this additional benefit directly to the HMRC under the self-assessment regime and for reimbursing the Company or the Employer (as appropriate) for the value of any Participant national insurance contributions due on this additional benefit.
